

FW: New Indirect Connection Enquiry

Mon, Mar 30, 2026 at 9:50 AM

Morning Lapas,

See attached mail from UU confirming that they have approved the discharge of condition. For whatever reason this has not been added to the planning portal.

Suggest the LPA are informed on this and that no further dialogue is needed with the LLFA.

Regards

Paul

Hi Paul,

I've looked on our portal and we discharged the conditions, please see notes attached.

Further to our review of the submitted documents, Drawing PGC795-DR-C-001, Rev P3- Dated 08.09.25, United Utilities has no objection to condition 5 being discharged.

Further to our review of the submitted documents, Drawing PGC795-DR-C-001, Rev P3- Dated 08.09.25, United Utilities has no objection to condition 5 being discharged. No comments on Condition 6.

Regards,

United Utilities

Afternoon James,

Thanks for getting back to me.

See attached the current drainage plan and decision notice.

As mentioned we're just have this loose end from the LLFA that want us to obtain UU approval even though its an indirect connection.

Maybe good also to see if UU were asked to comment on the discharge application (CDN/26/0082) as if so and UU no comments then that may also be enough. Just nothing to date on the MCC portal.

Thanks

Paul
