

Appendix E - Waste Management Strategy (v7.00 from September 2023)

Planning Application Number:

Date Submitted:

Estimated volumes / m2 required by the development

Will this property be used as a House in Multiple Occupation (HMO)?	Yes / No (delete as appropriate)
If this property will be used as an HMO, how many people do you intend to accommodate (5+)?	

Low Rise Domestic

Waste Types	Capacity required (litres)	Number of bins required (per household)	Confirm what is to be provided (and whether the developer or the resident will be responsible for ordering these)
General refuse	140 standard / 240 in certain circumstances	1 x wheeled bin (possibly more for HMO)	
Pulpable Recycling	240	1 x wheeled bin (possibly more for HMO)	
Mixed Recycling	240	1 x wheeled bin (possibly more for HMO)	
Garden Waste	240	1 x wheeled bin (possibly more for HMO)	
Food Waste	23	1 x 23 litre caddy (Possibly more for HMO)	

High Rise Apartment Developments

<p>0.43m² has been provided per apartment for the containers, with extra space for residents to access each container and space for staff to manoeuvre each container for collection.</p> <p>(different for purpose-built student accommodation – see guidance)</p>	<p>Yes / No (delete as appropriate)</p> <p>How many of each container do you plan to provide?</p> <p>_____ x general refuse x 1100 litre (based on 110 litres per apartment)</p> <p>_____ x pulpable Recycling x 1100 litre (based on 55 litres per apartment)</p> <p>_____ x mixed recycling x 1100 litre (based on 55 litres per apartment)</p> <p>_____ x food waste x 240 litres (based on 10 litres per apartment)</p> <p>_____ x garden waste (if applicable) x 240 litres</p>
<p>Is it as easy, or easier, for residents to recycle, as it is for them to dispose of general waste?</p>	<p>Yes / No (delete as appropriate)</p>

Commercial Developments

Please state number of bins you propose, showing calculations where appropriate.

<p>General Waste - 4 x 1,100L Bin</p> <p>Dry recycling (include material type details) - 3 x 1,100L bin for Paper & cardboard, 3 x 1,100L bins for Mixed Recycling</p> <p>Food Waste - 3 x 240L bins</p> <p>Industrial Waste -</p> <p>Other -</p>

<p>Has / will a contract be obtained with a licenced waste carrier?</p>	<p>Yes / No (delete as appropriate)</p>
---	--

Mixed Use Developments

Are the stores for residential and commercial waste completely separate from each other, with residents having no access to the commercial store and the commercial units having no access to the residential store?	Yes / No (delete as appropriate)
--	--

Internal Stores (Residential and Commercial)

Please provide details of internal stores / segregation of waste and recycling.

Waste generated in the commercial land uses at Mayfield Poulton will be segregated into a minimum of four streams. These streams include the following: General waste, Paper and cardboard, Mixed recycling, Food waste. A communal waste store will be used to store waste generated from the commercial units. This waste store is located at ground floor level.

Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

Waste will be stores in 1,100L & 240L Bins within the dedicated ground floor waste storage room.

Ensure all bins in the store are accessible	☒
Ensure recycling facilities are as easy to access as general refuse	☒

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation -	Infrastructure requirements such as water, drainage, lighting and ventilation have been coordinated. A dedicated extractor fan is included in the design for the control of odour. General lighting is provided.
Hygiene -	Water provision for wash down and floor gulleys to below ground drainage is included in the design for the bin store.

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g., resident / management company

Waste collection operatives will be responsible for accessing the bins in the main waste store directly on collection day. Operatives will manually transfer bins outside to the refuse collection vehicle via the internal lobby to empty them, before returning them to the waste store for continued use by the building.

Please ensure that you have attached:

Detailed plans of bin stores	☒
Location plans showing stores	☒
Location plans showing the proposed collection point and the route the collection vehicle will take (please refer to the Road, Vehicle and Waste Operative Access Specification – paying particular attention to turning space and reversing)	☒

Please ensure that you have completed this form in accordance with the latest version of GD04 Waste Storage and Collection Guidance for New Developments – v.7 September 2023, read in conjunction with the Waste and Recycling Service Standard found on the Council website.
