Comment Details

Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: This is a place of worship and the building supports the initiatives taking place in the heritage building. It is much better to keep this place where a large amount of worshippers can gather in one place where they have on-site parking, whereas if the structure is taken down and the building can accommodate less people, this will cause traffic and parking disruption in other places at regular prayer times in the city as most other mosques do not have ample parking.
