Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to this proposal on two grounds. First, the fences will detract from the beauty of the natural environment in this stretch of the river Mersey, particularly in relation to the row of trees from near Cheadle Bridge to the end of the school playing field. Secondly, the fence poses a very significant likelihood of exacerbating the ever-increasing flooding risk from the river Mersey. In the January 2025 flood, there was significant debris adhering to and occluding the fence (those parts that were not flattened by the floodwater), suggesting that they contribute to the pooling of water in this area and that they risk pushing flood waters down towards the Kingsway Triangle estate on the other side of Cheadle Bridge.
