EV Charger Accessories
Charger Mounting Stand

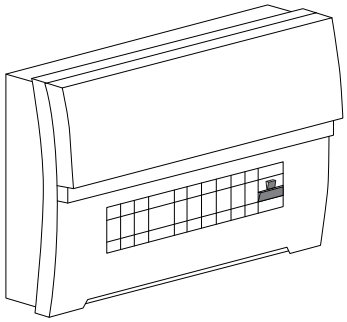

EVASTAND12S/EVASTAND12T

INTRODUCTION

This guide is intended for use by competent electrical installers to explain basic requirments and options to be considered when installing a SyncEV BG Charger and its associated accessories.

The mounting stand is designed for use to pre-poured concrete or other similar sold mounting surface. Suitable for use with the BG Sync EV EVS7G/EVT77G Charger points.

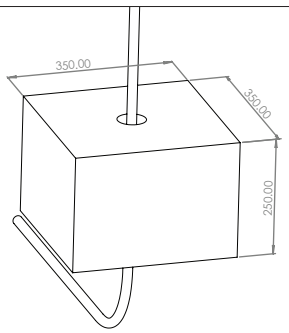

1

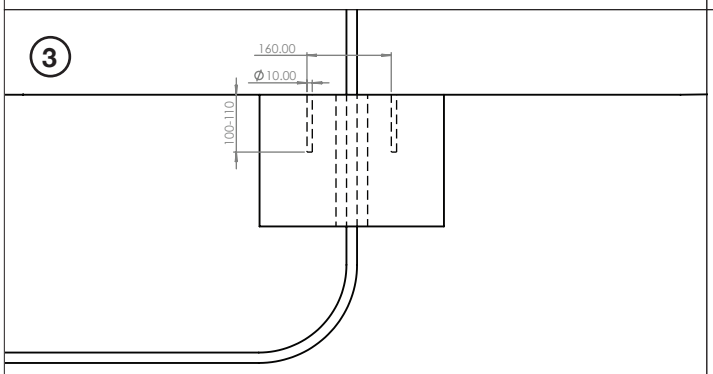

Isolate power before opening any enclosures.

2

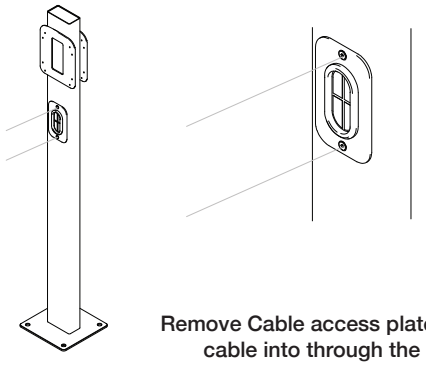

Suggested plinth size.
Ensure Cable is central to the mounting plinth.

3

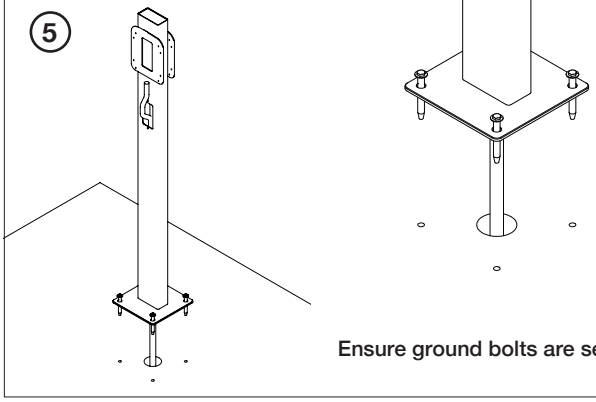

Use included mounting template for drilling mounting holes.

4

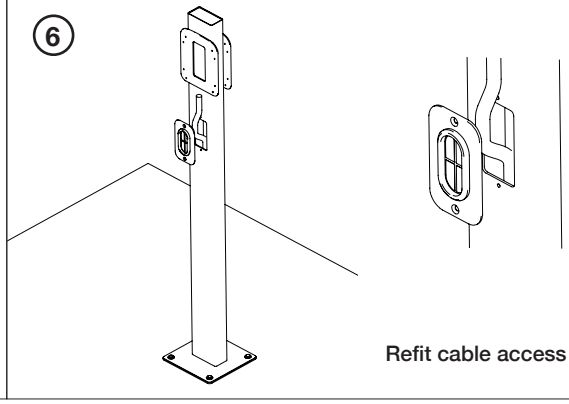

Remove Cable access plate to thread cable into through the stand.

5

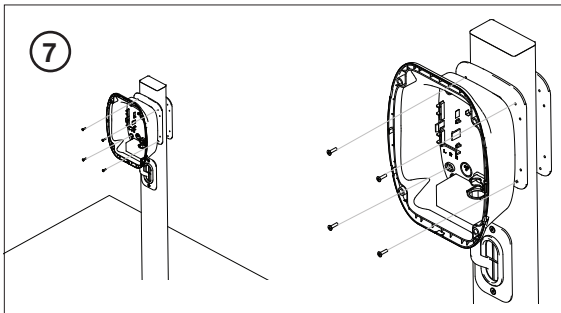

Ensure ground bolts are secure.

6

Refit cable access plate

7

Fit Charger to the stand with the included bolts and fit the screw covers. Continue installation as per Charger installation guide.

8
