MANCHESTER CITY COUNCIL

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

MANCHESTER CITY COUNCIL

Town & Country Planning Act 1990 (as amended)

Planning Permission

Applicant

Mr Akiva Pines
Shalsheles College
C/o Agent

Agent (if used)

Mr Zalman Hanovitch
EA Town Planning Ltd
16 Francklyn Gardens
London
HA8 8RY

Part 1 – Particulars of the application/development

Proposal: Outline Application (access, layout and scale) for the erection of 2no. two-storey detached buildings following demolition of existing bungalow, removal of modular classrooms, and two-storey rear extension to main building for education use (Class F1(a)), along with parking, bin storage and cycle storage.

Location: 4 Middleton Road, Manchester, M8 5DS

Date of application: 16 January 2026

Application number: 144846/OO/2025

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the applicant / agent in a positive and proactive manner to guide the application through all stages of the planning process and resolve any issues that arose in dealing with the planning application.

Condition(s) attached to this decision

1) Applications for approval of reserved matters must be made not later than the expiration of three years beginning with the date of this permission. The development must be begun not later than the expiration of two years from the final approval of the reserved matters or, in the case of approval on different dates, the final approval of the last such matters to be approved.

Reason - Required to be imposed pursuant to Section 92 of the Town and Country Planning Act 1990.

2) Approval of the appearance of the buildings, and landscaping of the site (hereinafter called "the reserved matters") shall be obtained from the City Council as Local Planning

Authority in writing before any development is commenced. Plans and particulars of the reserved matters shall be submitted in writing to the City Council as local planning authority and shall be implemented as approved.

Reason - To ensure the satisfactory development of the site and because this application is in outline only, pursuant to policies DM1 and SP1 of the Manchester Core Strategy.

3) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Location Plan and drawings referenced A1.4/PL1 (proposed ground and first floor plan), A1.5/PL1 (proposed second first floor plan), and A1.3/PL2 (proposed site plans), received by the City Council as Local Planning Authority on 29 December 2025 and 10 March 2026 respectively.

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

4) No above ground development that is hereby approved shall commence unless and until samples and specifications of all materials to be used on all external elevations of the development have been submitted to and approved in writing by the City Council as Local Planning Authority. The development shall only be implemented in accordance with the agreed materials.

Reason - To ensure that the appearance of the development is acceptable to the City Council as Local Planning authority, in the interests of the visual amenity, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

5) a) Prior to the commencement of demolition, a Demolition Management Plan outlining working practices during demolition development shall be submitted to and approved in writing by the City Council as Local Planning Authority.

For the avoidance of doubt, the Demolition Management Plan should include:

-Measures to control noise and vibrations;
-Dust suppression measures;
-Compound locations where relevant;
-Location, removal and recycling of waste;
- Details of an emergency contact telephone number;
-Parking of construction vehicles; and
-Sheeting over of demolition vehicles.

The development shall only be carried out in accordance with the approved Demolition Management Plan.

b) Prior to the commencement of development (excluding demolition), a Construction Management Plan outlining working practices during development shall be submitted to and approved in writing to the City Council as Local Planning Authority.

For the avoidance of doubt, the Construction Management Plan should include:

-Measures to control noise and vibrations;
-Dust suppression measures;

-Compound locations where relevant;
-Location, removal and recycling of waste;
-Detail of an emergency contact telephone number;
-Parking of construction vehicles; and
-Sheeting over of construction vehicles.

The development shall only be carried out in accordance with the approved Construction Management Plan.

6) a) Prior to commencement of above ground development, a scheme for a clean air intake shall be submitted to and approved in writing by the City Council as Local Planning Authority.

b) Prior to occupation of the development, any agreed mitigation measures shall be implemented and verified as such in writing by the City Council as Local Planning Authority and shall remain in situ whilst the use or development is in operation.

Reason - To secure a reduction in air pollution from traffic or other sources in order to protect existing and future residents from air pollution, pursuant to policies EN16, SP1 and DM1 of the Manchester Core Strategy.

7) Prior to the commencement of the development hereby approved, a surface water drainage scheme for the development site, based on sustainable drainage principles, shall be submitted for approval in writing by the City Council, as Local Planning Authority. This shall include:

-Progression through the drainage hierarchy must be evidence based and supported by site investigation including assessments of ground conditions and infiltration testing in accordance with BRE365. Proposals of attenuation should achieve half drain time within 24 hours.

-For surface water connections, evidence of agreement in principle from the relevant authority/service provider is required to ensure there is adequate spare capacity in the existing system taking future development requirements into account. An email of acceptance of proposed new connection will suffice.

-Details of surface water attenuation that offers a reduction in surface water runoff rate in line with the Manchester Trafford and Salford Strategic Flood Risk Assessment. Provide at least a 50% reduction in brownfield runoff rate or greenfield runoff rate.

-Finalised surface water drainage layout including all components, levels, connectivity and proposed overland flow routes for extreme events.

-Hydraulic calculations of the proposed drainage system, including all design parameters. Results must demonstrate no surcharge for the 1 in 2, no flooding in the 1 in 30 and no flooding of buildings for the 1 in 100 + 45% Climate Change.

-Where flows less than 5 l/s are proposed, a blockage risk assessment must be undertaken. If the risk cannot be adequately managed, a higher minimum discharge rate should be considered / agreed with relevant authority.

-A plan indicating easements. SuDS features (including attenuation tanks) should be appropriately positioned, including a 2.5m easement from the existing highway and a

5m easement from any dwellings, guaranteeing accessibility for future maintenance and contingency for asset failure. This practice is in accordance with SuDS Manual (C753).

-Construction details of flow control and SuDS components.

-Details of how the scheme shall be maintained and managed after completion. Maintenance and management plan, including responsible party and a schedule of tasks/frequencies for the components.

The development shall be constructed and completed in accordance with the approved details prior to the first occupation/use of the development.

Reason - To prevent the increased risk of flooding, to improve and protect water quality and ensure future maintenance of the surface water drainage system pursuant to policies EN14 and EN17 of the Manchester Core Strategy.

8) a) Prior to the commencement of development, a report (the Preliminary Risk Assessment) to identify and evaluate all potential sources and impacts of any ground contamination, groundwater contamination and/or ground gas relevant to the site shall be submitted to and approved in writing by the City Council as Local Planning Authority. The Preliminary Risk Assessment shall conform to City Council's current guidance document (Planning Guidance in Relation to Ground Contamination).

In the event of the Preliminary Risk Assessment identifying risks which in the written opinion of the Local Planning Authority require further investigation, the development shall not commence until a scheme for the investigation of the site and the identification of remediation measures (the Site Investigation Proposal) has been submitted to and approved in writing by the City Council as Local Planning Authority.

The measures for investigating the site identified in the Site Investigation Proposal shall be carried out before development commences and a report prepared outlining what measures, if any, are required to remediate the land (the Site Investigation Report and/or
Remediation Strategy) which shall be submitted to and approved in writing by the City Council as Local Planning Authority

b) Prior to the first occupation of the development, a Completion/Verification Report shall be submitted to and approved in writing by the City Council as Local Planning Authority, to validate that the development conforms with the approved Site Investigation Report and/or Remediation Strategy.

c) In the event of any non-conformity with the approved Site Investigation Report and/or Remediation Strategy, then any further measures that are required to remediate the land shall be carried out. Any required measures/remediation and validation shall continue until conformity has been achieved and agreed in writing by the City Council as Local Planning Authority, prior to first use/occupation of the development.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to policies DM1 and EN18 of the Manchester Core Strategy and policy JP-S1 of the Places for Everyone Joint Development Plan.

9) In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time after

development commences, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land is submitted to and approved in writing by the City Council as local planning authority. The development shall then be carried out in accordance with these details, together with any previously approved Remediation Strategy.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to policies DM1 and EN18 of the Manchester Core Strategy and policy JP-S1 of the Places for Everyone Joint Development Plan.

10) The building hereby approved shall not be occupied until there has been submitted to and approved in writing by the City Council as Local Planning Authority, a plan indicating the positions, design, materials and type of any boundary treatment to be erected. The boundary treatment shall be completed prior to first occupation of the development shall be carried out in accordance with the approved details which shall thereafter be retained.

Reason - In the interests of security and to ensure that the appearance of the development is acceptable to the City Council as Local Planning Authority in the interests of the visual amenity of the area within which the site is located, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

11) Prior to first occupation of the development hereby approved and in addition to statutory biodiversity net gain requirements, a scheme for the enhancement of the site for ecological purposes shall be submitted to and agreed in writing by the City Council as Local Planning Authority. Details should include bat and bird boxes. The agreed scheme shall be implemented in accordance with a timescale to be agreed and retained and maintained thereafter.

Reason - Pursuant to biodiversity enhancement of the site, in accordance with policy EN15 of the Core Strategy and the National Planning Policy Framework and policy JP-G8 of the Places for Everyone Joint Development Plan.

12) Prior to any site clearance or earthworks, a reasonable avoidance measures method statement for hedgehog and other mammals shall be submitted to and approved in writing by the City Council as Local Planning Authority. The development shall be carried out in accordance with the agreed details.

Reason - To ensure the protection of habitat of species that are protected under the Wildlife and Countryside Act 1981 or as subsequently amended and to comply with policy EN15 of the Manchester Core Strategy and policy JP-G8 of the Places for Everyone Joint Development Plan.

13) No demolition of any part of the existing buildings proposed to be demolished shall take place until a nocturnal bat survey has been undertaken and submitted to and approved in writing by the City Council as Local Planning Authority. The survey shall be carried out by a suitably qualified and licensed ecologist and shall include:

A detailed inspection of the building for evidence of bats or bat roosts;

Emergence and re-entry surveys were recommended by the ecologist; and

Appropriate mitigation and compensation measures where bats or potential roost features are identified.

The development shall thereafter be carried out strictly in accordance with the approved survey recommendations and any mitigation and compensation measures shall be fully implemented prior to or during demolition, as specified in the approved details.

Reason - To ensure the adequate protection of bats, pursuant to policy EN15 of the Manchester Core Strategy, policies JP-G8 of Places for Everyone, National Planning Policy Framework (NPPF).

14) (a) No retained tree shall be cut down, uprooted or destroyed, nor shall any retained tree be topped or lopped other than in accordance with the approved plans and particulars, without the written approval of the City Council as Local Planning Authority.

(b) The erection of fencing for the protection of retained trees shall be undertaken before any equipment, machinery or materials are brought on to the site for the purposes of the development, and shall be maintained until all equipment, machinery and surplus materials have been removed from the site. Nothing shall be stored or placed in any area fenced in accordance with this condition and the ground levels within those areas shall not be altered, nor shall any excavation be made, without the written consent of the City Council as Local planning Authority.

Reason - In order avoid damage to trees/shrubs adjacent to and within the site which are of important amenity value to the area and in order to protect the character of the area, in accordance with policies EN9 and EN15 of the Manchester Core Strategy and policy JP-G7 of the Places for Everyone Joint Development Plan.

15) Prior to the commencement of development, a 30 year Habitat Management and Monitoring Plan for the on-site biodiversity enhancements shall be submitted to and agreed in writing by the City Council as Local Planning Authority. The development shall be implemented and maintained in accordance with the agreed details and shall be retained thereafter.

Reason - In the interests of biodiversity net gain being achieved on site pursuant to policy EN15 of the Manchester Core Strategy, policies JP-G8 of Places for Everyone, National Planning Policy Framework (NPPF) and Schedule 7A of the Town and Country Planning Act 1990 (as amended).

16) a) Prior to the first occupation of the approved development, external lighting shall be designed and installed in accordance with a scheme submitted to and approved in writing by the City Council as Local Planning Authority so as to control glare and overspill onto nearby residential properties.

b) Prior to occupation of the development a verification report shall be required to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved light consultant's report. The report shall also undertake post completion testing to confirm that acceptable criteria have been met. Any instances of non-conformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the criteria.

Reason - To safeguard the amenities of the occupiers of nearby properties and to minimise impacts on protected species that may commute and forage in the area

pursuant to Core Strategy policies DM1 and EN15 and policies JP-P1 and JP-G8 of the Places for Everyone joint development plan.

17) Prior to first occupation of the development hereby approved, the City Council as Local Planning Authority must acknowledge in writing that it has received written confirmation of a Secured by Design accreditation.

Reason - To reduce the risk of crime, pursuant to policies SP1 and DM1 of the Manchester Core Strategy and policies JP-S1 and JP-P1 of the Places for Everyone Joint Development Plan.

18) a) Prior to above ground development commencing, an Environmental Standards Statement shall be submitted to, and approved in writing by, the City Council, as Local Planning Authority. The statement shall demonstrate measures to be incorporated into the development to achieve energy efficiency.

b) Within 3 months of the completion of the construction of the authorised development a verification statement shall be submitted to and approved in writing, by the City Council as Local Planning Authority, confirming the incorporation of the specified measures, including dated photographic documentary evidence of the implementation and completion of required works.

c) Any non-conformity from the approved scheme shall be clearly set out along with measures required to ensure compliance with the agreed details.

Reason - In order to minimise the environmental impact of the development pursuant to policies SP1, T1-T3, EN4-EN7 and DM1 of the Manchester Core Strategy and policies JP-S1, JP-P1 and JP-S2 of the Places for Everyone Joint Development Plan.

19) Notwithstanding details submitted, no above ground development shall commence until a more detailed scheme for the storage (including segregated waste recycling) and disposal of refuse, has been submitted to and approved in writing by the City Council as Local Planning Authority. The details of the approved scheme shall be implemented as part of the development and shall remain in situ whilst the use or development is in operation.

Reason - To cater for the uplift in waste and in the interests of public health and residential amenity, pursuant to policies DM1 and SP1 of the Manchester Core Strategy and policy JP-P1 of the Places for Everyone Joint Development Plan.

20) Prior to first occupation of the development plan hereby approved, an updated Travel Plan shall be submitted to and agreed in writing by the City Council as Local Planning Authority. In this condition a Travel Plan means a document which includes:

(1) The measures proposed to be taken to reduce dependency on the private car by those attending or employed in the development;
(2) A commitment to surveying the travel patterns of staff and customers during the first three months of the development and thereafter from time to time;
(3) Mechanisms for the implementation of the measures to reduce dependency on the private car; and
(4) Measures for the delivery of specified travel plan services; and measures to monitor and review the effectiveness of the Travel Plan in achieving the objective of reducing dependency on the private car.

Within six months of the first use of the development, a revised Travel Plan which takes into account the information about travel patterns gathered pursuant to item (2) above shall be submitted to the City Council as local planning authority for approval. Any Travel Plan which has been approved by the City Council as local planning authority shall be implemented in full at all times when the development hereby approved is in use.

Reason - To reduce dependency on the car travel and to promote alternative means of transport, pursuant to policies DM1 and SP1 of the Manchester Core Strategy.

21) The car parking shown on the approved drawings shall be laid out and made fully available for use prior to the development hereby approved being first brought into use and shall be retained thereafter.

Reason - In the interest of highway safety and the free flow of traffic, pursuant to policies DM1, T2 and SP1 of the Manchester Core Strategy.

22) Notwithstanding details submitted, the use hereby approved shall not become operational until a detailed scheme for bicycle parking has been submitted to and approved in writing by the City Council as Local Planning Authority. Details shall include means of shelter and security arrangements. The approved space and facilities shall then be retained and permanently reserved for bicycle parking so long as the use is operational.

Reason - To ensure that adequate provision is made for bicycle parking so that persons occupying or visiting the development have a range of options in relation to mode of transport in order to comply with policies SP1, T1 and DM1 of the Manchester Core Strategy.

23) a) Any externally mounted ancillary plant, equipment and servicing to be installed shall be selected and/or acoustically treated in accordance with a scheme designed so as to achieve a rating level of 5dB (LAeq) below the typical background (LA90) level at the nearest noise sensitive location. Prior to its installation, the scheme shall be submitted to and approved in writing by the City Council as Local Planning Authority in order to secure a reduction in the level of noise emanating from the site.

b) Prior to any externally mounted ancillary plant, equipment and servicing to be installed becoming operational, an approved verification report shall be submitted to and approved in writing by the City Council as Local Planning authority to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved acoustic report. The report shall also undertake post completion testing to confirm that the noise criteria have been met. Any instances of non - conformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the agreed noise criteria.

Reason - To minimise the impact of the development and to prevent a general increase in pre-existing background noise levels around the site, pursuant to saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies DM1 and SP1 of the Manchester Core Strategy.

24) a) The new buildings hereby approved shall be acoustically insulated and treated to limit the break out of noise in accordance with a noise study of the premises and a scheme of acoustic treatment that has been submitted to and approved in writing by the

City Council as Local Planning Authority. The scheme shall be implemented in full before the use commences.

b) Prior to occupation of the development hereby approved, a verification report shall be required to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved acoustic consultant's report. The report shall also undertake post completion testing to confirm that acceptable criteria have been met. Any instances of non-conformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the agreed noise criteria.

Reason - To safeguard the amenity of occupiers of the building and occupiers of nearby properties, pursuant to saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies DM1 and SP1 of the Manchester Core Strategy.

25) The lower section of the rear, south facing windows to the proposed two storey, detached building to replace the existing rear annexe, as shown on drawing referenced A2.2/PL1 (proposed elevations), received by the City Council as Local Planning Authority on 29 December 2025 shall be obscure glazed to a specification of no less than level 5 of the Pilkington Glass Scale or such other alternative equivalent; and shall remain so in perpetuity

Reason - To protect the amenity and living conditions of adjacent residential property from overlooking or perceived overlooking, pursuant to Policy DM1 of the Manchester Core Strategy.

26) Prior to the first occupation of the development herby approved, a detailed schedule of operational hours shall be submitted to and approved in writing by the Local Planning Authority. The development shall thereafter operate only in accordance with the approved schedule.

Reason - To safeguard residential amenity, pursuant to policies DM1 and SP1 of the Manchester Core Strategy and the National Planning Policy Framework.

Informatives

Building Regulations 2010
This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements
Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address: https://www.manchester.gov.uk/roads-and-transport/street-naming-and-numbering

Mining Information
The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Please read the Standing Advice from the Mining Remediation Authority.

The applicant is required to discuss and agree any requirements for licensing, hoarding / scaffolding, skips and temporary access points
(Section 50) with MCC's Highways Licensing Team via Email to:
highwaylicences@manchester.gov.uk

The applicant is required to discuss and agree any requirements for temporary pedestrian and traffic management with MCC's Event and
Traffic Management Team via highwaynetworkmanagement@manchester.gov.uk

The statutory framework for biodiversity net gain requires a Biodiversity Gain Plan to be submitted and approved to discharge the biodiversity gain condition prior to the commencement of development.

A developer must submit the Biodiversity Gain Plan to the planning authority in writing, no earlier than the day after planning permission has been granted. The use of the Biodiversity Gain Plan template is strongly encouraged to bring together the required information into one document for approval.

The following content of a Biodiversity Gain Plan is required for development:

- information about the steps taken or to be taken to minimise the adverse effect of the development on the biodiversity of the onsite habitat and any other habitat;
- the pre-development biodiversity value of the onsite habitat;
- the post-development biodiversity value of the onsite habitat;
- any registered off-site biodiversity gain allocated to the development and the biodiversity; and
- any biodiversity credits purchased for the development.

In addition, the following is required:

- name and address of the person completing the Plan, and (if different) the person submitting the Plan;
- a description of the development and planning permission reference number (to which the plan relates);
- the relevant date, for the purposes of calculating the pre-development biodiversity value of onsite habitats and if proposing an earlier date, the reasons for using this earlier date;
- the completed biodiversity metric calculation tool(s), stating the publication date of the tool(s), and showing the calculation of the pre-development onsite value on the relevant date, and post-development biodiversity value;

- a description of arrangements for maintenance and monitoring of habitat enhancement to which paragraph 9(3) of Schedule 7A to the 1990 Act applies (habitat enhancement which must be maintained for at least 30 years after the development is completed);
- (except for onsite irreplaceable habitats) a description of how the biodiversity gain hierarchy will be followed and where to the extent any actions (in order of priority) in that hierarchy are not followed and the reason for that;
- pre-development and post-development plans showing the location of onsite habitat (including any irreplaceable habitat) on the relevant date, and drawn to an identified scale and showing the direction of North;
- a description of any irreplaceable habitat on the land to which the plan relates which exist on the relevant date, and any part of the development for which planning permission is granted where the onsite habitat of that part is irreplaceable habitat arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat; and
- if habitat degradation has taken place:
a statement to this effect,
the date immediately before the degradation activity,
the completed biodiversity tool showing the calculation of the biodiversity value of the onsite habitat on that date, and
any available supporting evidence for the value.

There is a standard Biodiversity Gain Plan template available to complete which brings together many of these matters into one document.

The submission of a Biodiversity Gain Plan to a local planning authority falls under Regulation 16 of the Town and Country Planning (Fee for Applications, Deemed Applications, Requests and Site Visit) (England) Regulations 2012 (as amended), which covers fees for the written confirmation of compliance with a condition or conditions attached to a grant of planning permission.

Construction/demolition works shall be confined to the following hours:

Monday - Friday: 7.30am - 6pm
Saturday: 8.30am - 2pm
Sunday / Bank holidays: No work

Swift Bricks
If the development can accommodate it, it is requested that consideration is given to the installation of Swift Bricks. Swift bricks must be fitted in accordance to the specifications of BS 42021:2022 - Integral nest boxes.

Date: 1 April 2026

Signed: 

Julie Roscoe
Director of Planning, Building Control & Licensing

Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/appeal-planning-decision. The Inspectorate will publish details of your appeal on the internet. Alternatively If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the City Council (planning@manchester.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase their interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
