Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: The marquee at the British Heritage Centre in Manchester provides a valuable and inclusive space that directly benefits the local community. It offers a safe, accessible and cost-effective venue where people of all ages, backgrounds and cultures can come together for events, celebrations, learning activities and community programmes.

By providing additional space beyond the main building, the marquee enables the centre to host larger gatherings, cultural festivals, educational workshops and charitable initiatives that strengthen community bonds and encourage social participation. It also supports local groups, small businesses and community organisations by giving them a flexible venue to run events that might otherwise be unaffordable or unavailable elsewhere.

The marquee plays an important role in preserving and promoting local heritage by allowing the centre to expand its outreach and involve more residents in heritage-based activities. This helps foster a sense of pride, belonging and cultural understanding within the community.

Overall, the marquee contributes significantly to community cohesion, social wellbeing and the cultural life of Manchester, making it a valuable asset that enhances opportunities for engagement, connection and collective celebration.
