T25	1	Birch	Porchfield Square	RCP		Reduce back 2m from the building
T26	1	Cypress	Porchfield Square	Wire		Wire in the loose leader
G27	x	Mix	Perimeter	LCC	RCH	Lift crowns of the road frontage trees to clear the pavement and highway, reduce any over extended highway side branches not included in this list, the actual area was opposite MOSI but it applies all the way around

Mostly routine maintenance of the tree stock, maintaining a comfortable clearance between trees and properties.

Proposed felling of dead, dying or dangerous trees and also out grown ornamentals.

The proposed pollarding of the large plane trees would cause the largest aesthetic change but the re-growth of the bolings achieved will be more in keeping with the surroundings, impressive as the trees currently are I can understand the desire to contain them.
