The requisite planning application fee of £298 has also been paid via the Planning Portal. In addition to the above, the specific information in respect to the various conditions is set out below.

Condition 3 (Material Samples) states:

“With the exception of demolition, no above ground development that is hereby approved shall commence unless and until samples and specifications of all other materials to be used on all external elevations of the development, have been submitted to and approved in writing by the City Council as Local Planning Authority. The development shall only be implemented in accordance with the agreed materials.”

In regard to this condition, please refer to the proposed elevations.

Condition 5 (Local Labour Agreement) states:

- a) *“Prior to occupation of the proposed retail store (Class E), details of a local labour agreement in order to demonstrate commitment to recruit local labour for the operational element of the development shall be submitted for approval in writing by the City Council, as Local Planning Authority.*
- b) *The approved document shall be implemented as part of the occupation of the development. Within six months of the first occupation of the development details of the results of the scheme shall be submitted for consideration.”*

In regard to this condition, please refer to the Local Labour Agreement.

Condition 9 (Bicycle Parking) states:

“Notwithstanding details submitted, the development hereby approved shall not be occupied until space and facilities for staff and visitor bicycle parking have been provided in accordance with details to be submitted to and approved in writing by the City Council as Local Planning authority. The bicycle parking shall be secure and weatherproofed and shall then be retained and permanently reserved for bicycle parking.”

In regard to this condition, please refer to the proposed setting out site plan and floor plan.

Condition 14 (Enhancement of the Site for Ecological Purposes) states:

“Prior to first occupation of the development hereby approved and in addition to biodiversity net gain requirements, a scheme for the enhancement of the site for ecological purposes shall be submitted to and agreed in writing by the City Council as Local Planning Authority. Details should include bat and bird boxes. The agreed scheme shall be implemented in accordance with a timescale to be agreed and retained and maintained thereafter.”

In regard to this condition, please refer to the Landscape and Ecological Management Plan.

Condition 16 (Boundary Treatments) states:

"The development hereby approved shall not be occupied until there has been submitted to and approved in writing by the Local Planning Authority a plan indicating the positions, design, materials and type of any new boundary treatment/gates, including acoustic fencing to be erected. The development shall only be carried out in accordance with the approved details and shall thereafter be retained."

In regard to this condition, please refer to the boundary treatments site plan and elevations.

Condition 18 (Electric Car Charging) states:

"Notwithstanding details submitted, prior to the use hereby approved becoming operational, full details of electric car charging provision shall be submitted for approval in writing by the City Council, as Local Planning Authority. Details shall include the specification of the charger. The approved details shall then be implemented as part of the development and be in place prior to the commercial use becoming operational. The charging point shall be remain in use so long as the building is occupied."

In regard to this condition, please refer to the proposed setting out site plan and rapid electric car charging point details.

Condition 23 (External Lighting) states:

"Prior to the commencement of above ground works, an external lighting scheme shall be submitted to and approved in writing by the City Council as Local Planning Authority. The agreed scheme shall be implemented prior to first occupation of the development hereby approved and shall remain in operation for so long as the development is occupied."

In regard to this condition, please refer to the proposed lighting layout and lighting calculations.

Conclusion

We trust that the information provided is sufficient to discharge the above listed condition and we look forward to confirmation of early validation and determination of this application.
