World Clean Up Day- September 2024

NSI 7425 September 2024

On 20th September John Sisk & Son Ltd UK North volunteered at a Manchester Community Centre for World Clean Up Day 2024. Not only did the team of 55 help the community centre with cleaning, gardening, litter picking and grounds maintenance - via filled a huge skip - Donated by Ema and Harry Shepherd but we also created opportunities for The Manchester College students to get some real life work experience painting and decorating the centre with us as well as introducing them to SKILLHAUS DECORATING SERVICES LIMITED who generously provided paint for us!

Skills Construction Centre latest cohort of multi skill students also joined us with their tutor to put their skills into practice. We purchased a full set of new outdoor bins so the centre can try and reduce litter and Taurus Security Group donated a security system to the centre and weren't afraid to get stuck in with the clean up on the day too.

Thank you for all your support, we really appreciate all the time you are spending on helping us improve The Grange.

As a part of our commitment to giving back to the community, we offered to supply and install a brand-new tarmac surface for the playground at The Grange Community Centre. The team removed the old surface and staff from Rowick resurfaced the area. This created a safe surface for the children to play on and strengthened the relationship between our organisation and the local community.

On the 4th of September 3 members of the Sisk site team went to The Grange Community Centre to clear water IBC's that they used as planters. The workers dismantled and separated the material to be recycled, including taking the pallets to be re-used on site and ensuring nothing was sent to landfill. The community centre were very grateful for the work of our Sisk & O&B employees.
