

04 Landscape Proposals Planting palette

Description

The site offers a variety of different planting character areas, with the public facing Lord Street and Fernie Street frontages and residents' garden on the ground floor and residents' amenity roof terrace.

The planting strategy aims to strike the balance between pleasing aesthetics, robustness for longevity and ease of maintenance to ensure it remains at its best. The key planting types are as follows:

Tree Planting:

Pyrus, Carpinus and Pinus are positioned as street trees along Cheetham Hill Rd, Lord Street and Fernie Street. Known for their hardy and resilient nature offer seasonal variety and some evergreen presence and allow views underneath canopies.

Prunus serrula multi-stem trees are proposed for the residents' garden providing form and character accompanied by Magnolia grandiflora.

Ornamental Shrub Planting

A mix of hedging and hardy evergreen shrubs have been selected to offer structure and year round interest to the residents' garden area and street frontage betterment along Lord Street and Fernie Street

Ground Floor Street Planting
