MUGA Fencing

TWIN BAR 868 REBOUND

Twin Bar Rebound fencing boasts the combination of strength and safety with an attractive finish. Designed to withstand prolonged impact and retain integrity.

Colour to be Black

A major consideration for both sports facilities and schools alike, twin bar fencing boasts the combination of strength and safety with an attractive finish. It is designed to withstand impact and retain integrity. With its flat profile and durability, twin bar makes an excellent choice for a ball-stop perimeter.

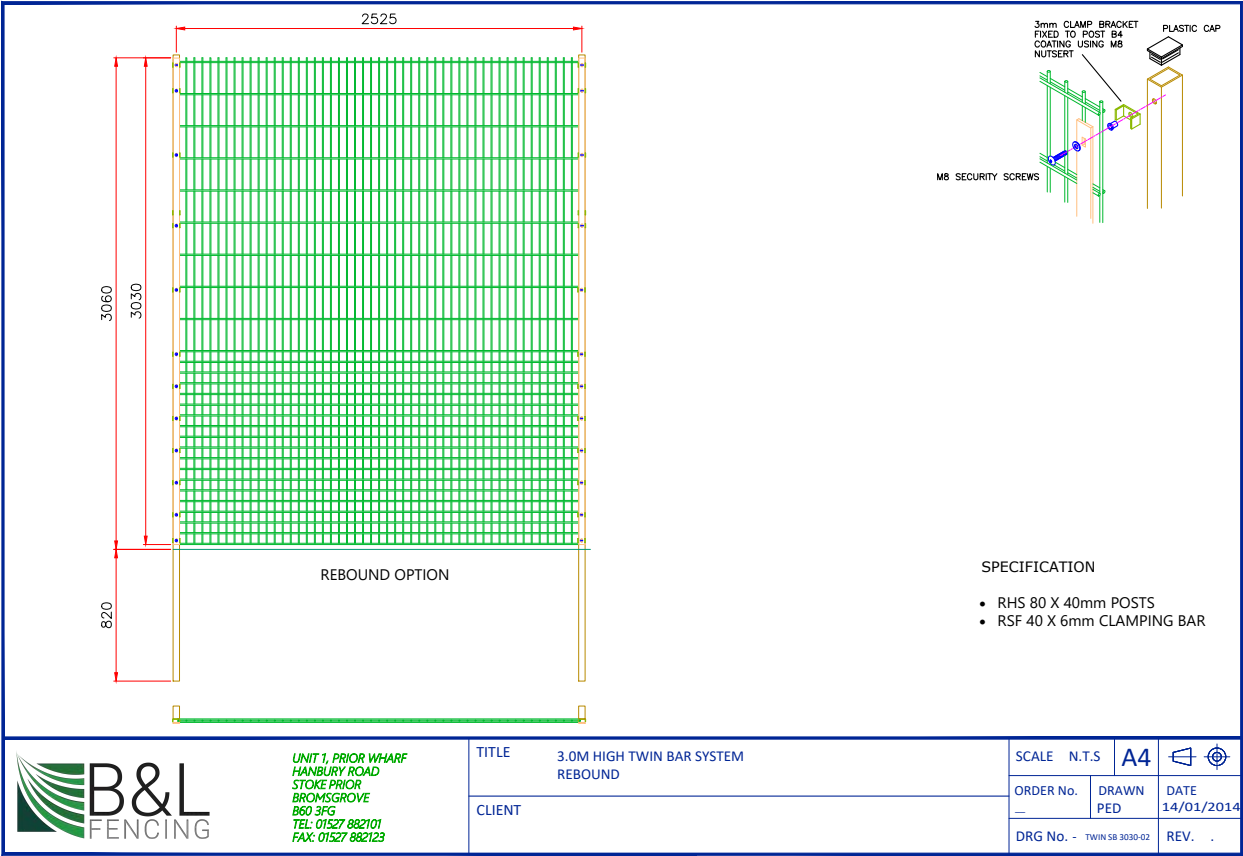

- ✓ SAPCA approved system
- ✓ Variable height arrangements
- ✓ M8 Security fixing
- ✓ Noise reducing washers
- ✓ Multiple colours options
- ✓ Compliant to BS 1722 Pt.14

ZAUN

DUO 6 Perimeter
Double Wire Mesh Fencing System

MADE IN
BRITAIN

NBS Plus

Conforms
to BS1722:
Part 14

Benefits

- 6mm twin horizontal wires & 5mm vertical wire
- Extra wire increases panel strength
- 50mm x 200mm mesh pattern
- Anti tamper fixings for a secure installation
- Galvanised & polyester powder coated panels & posts
- Clips provided as standard - Optional full length clamp bar

Features

1. Polyester Powder Coated RHS Post
2. Twin Horizontal Wires
3. Fixing Clips
4. Security Fixings

Zaun's Duo6 system is a twin wire fencing panel featuring two 6mm horizontal wires that sandwich 5mm vertical wires.

Aimed at providing a strong rigid perimeter fencing solution that is not only aesthetically pleasing but provides a barrier to secure your site from potential trespassers, vandals and thieves.

Each panel is manufactured with a 50mm x 200mm mesh pattern, ideal for use with CCTV camera systems as the open mesh aperture provides excellent visibility on anyone trying to breach the perimeter. The welded mesh twin wire fencing system provides a rigid, robust and strong panel that is ideal for perimeter fencing solutions.

Available with individual clip fixing method for fixing to the posts. A full length clamp bar is also available to provide additional security for any intruders trying to break into the fence line.

Each twin wire fencing panel is available up to 2.4 metres in height and with 2.5 metre wide standard bays (3 metres wide option also available). This system may also be supplied with your choice of fence toppings, and integrated solutions to provide a full turnkey perimeter solution. Pedestrian and vehicle gates are also available to match the fence line.
