John,

43 Bucklow Drive Manchester M22 4WA - 144253/TPO/2025

The applicant has submitted the following proposals:

T1 Oak in rear garden, Selective crown reduction by up to 4 meters, selective pruning to balance the crown of the tree.

Whilst at first glance this seems excessive, I have visited the property and met with the customer to discuss the works.

The tree was initially TPO'd at the request of the customer when they returned home to a neighbour attempting to have the tree felled.

We would have no objection to the proposed crown reduction and dead wooding operation.

The arborist will need to be able to use some creative license on this job due to the trees form, however, I have made it clear that the work must be completed by a qualified professional and in accordance with BS:3998.

Kind regards

Rudi Farghaly
