Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I wish to support the application to extend the license for the Marquee at the British Muslim Heritage Centre. The Marquee is a vital hub for not only local community activities encompassing all communities in and around the area, but also a vital link for Muslims who use the centre as a place of worship. The centre connects Muslims, especially on a Friday, giving me and my family the opportunity to engage with other members of the community. I have been to a number of events at the centre and have benefited from activities, and also been able to share skills and knowledge with others and vice versa. On the occasions I have attended events I have never witnessed any fireworks within the boundaries of the centre. Any fireworks lit have been done so of the premises but residents in the Vicinity of the centre. This witch hunt has been an ongoing problem buy neighbours, if it was a Church or other religious place worship, or a sports venue would the Council think twice about renewing the license
