RECORD SET
This record document is the final Construction Issue and is not an 'As Built' record. Reference should also be made to sub-contractors information (including drawings, specifications and schedules) where required for final details.
This record document may have been prepared, in part, based on information provided by others.
While this information is believed to be reliable, the Architect assumes no responsibility for the accuracy of this record document or for any errors or omissions that may have been incorporated into it as a result of incorrect information provided to the Architect.
Those relying on this record document are advised to obtain independent verification of its accuracy.
