

Appendix E - Waste Management Strategy (v7.00 from September 2023)

Planning Application Number: 137461/FO/2023
 Date Submitted: 21 January 2026 - Rev v4
 Estimated volumes / m2 required by the development

Will this property be used as a House in Multiple Occupation (HMO)?	Yes / No (delete as appropriate)
If this property will be used as an HMO, how many people do you intend to accommodate (5+)?	

Low Rise Domestic

Waste Types	Capacity required (litres)	Number of bins required (per household)	Confirm what is to be provided (and whether the developer or the resident will be responsible for ordering these)
General refuse	140 standard / 240 in certain circumstances	1 x wheeled bin (possibly more for HMO)	1 x 660L Eurobin
Pulpable Recycling	240	1 x wheeled bin (possibly more for HMO)	1 x 660L Eurobin
Mixed Recycling	240	1 x wheeled bin (possibly more for HMO)	1 x 660L Eurobin
Garden Waste	240	1 x wheeled bin (possibly more for HMO)	
Food Waste	23	1 x 23 litre caddy (Possibly more for HMO)	1 x 240L Wheelie bin

High Rise Apartment DevelopmentsNOT APPLICABLE AS IT IS NOT A HIGH
RISE APARTMENT DEVELOPMENT

0.43m² has been provided per apartment for the containers, with extra space for residents to access each container and space for staff to manoeuvre each container for collection. (different for purpose-built student accommodation – see guidance)	Yes / No (delete as appropriate) How many of each container do you plan to provide? _____ x general refuse x 1100 litre (based on 110 litres per apartment) _____ x pulvable Recycling x 1100 litre (based on 55 litres per apartment) _____ x mixed recycling x 1100 litre (based on 55 litres per apartment) _____ x food waste x 240 litres (based on 10 litres per apartment) _____ x garden waste (if applicable) x 240 litres
Is it as easy, or easier, for residents to recycle, as it is for them to dispose of general waste?	Yes / No (delete as appropriate)

Commercial DevelopmentsNOT APPLICABLE AS IT IS NOT A COMMERCIAL
DEVELOPMENT

Please state number of bins you propose, showing calculations where appropriate.

General Waste - Dry recycling (include material type details) - Food Waste - Industrial Waste - Other -	
Has / will a contract be obtained with a licenced waste carrier?	Yes / No (delete as appropriate)

Mixed Use Developments

Are the stores for residential and commercial waste completely separate from each other, with residents having no access to the commercial store and the commercial units having no access to the residential store?	Yes / No (delete as appropriate)
--	-------------------------------------

N/A

Internal Stores (Residential and Commercial)

Please provide details of internal stores / segregation of waste and recycling.

The 8 flats will each have their own private internal space for bin storage and segregation of waste and recycling.

The number of bins for each type of waste stream (general waste, pulpable recycling, mixed recycling and food waste) will be provided in accordance with Manchester Waste Management Services' requirements.

Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

Given the access constraints on the site, waste collection is only possible from Dalton Avenue, and so a shared communal external bin store is located adjacent to the site entrance.

The store will be adequately illuminated and ventilated.

It is expected the refuse collection vehicle will be able to manoeuvre into such a position where the collection team do not need to wheel the container more than 10 metres to the collection vehicle.

Refer to Proposed Site Plan Drawing 02 P9.

Ensure all bins in the store are accessible	☒
Ensure recycling facilities are as easy to access as general refuse	☒

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation -	Natural ventilation is provided as the bin store is uncovered
Hygiene -	The management company will be responsible for regular cleaning and maintenance in the bin store. A floor gulley will be provided in or near to the store to allow cleaning.

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g., resident / management company

It is proposed the waste containers will be collected from kerbside (exact arrangements to be confirmed by client).

Please ensure that you have attached:

Detailed plans of bin stores	☒
Location plans showing stores	☒
Location plans showing the proposed collection point and the route the collection vehicle will take (please refer to the Road, Vehicle and Waste Operative Access Specification – paying particular attention to turning space and reversing)	☒

Please ensure that you have completed this form in accordance with the latest version of GD04 Waste Storage and Collection Guidance for New Developments – v.7 September 2023, read in conjunction with the Waste and Recycling Service Standard found on the Council website.
