Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: The tent should be granted and extension as the work that is carried inside it is invaluable to the local and national community. Events that are hosted there would not otherwise likely to happen. For the Muslim community it is even more imperative that the community have space to pray in safe spaces in peace. The BMHC provides this space via the marquee and would certainly not be able to provided for the community as effectively and efficiently without it.
