Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing to express my enthusiastic and unequivocal support for the application to extend the temporary marquee at the heritage centre for a further three years. This structure has become far more than a temporary fixture; it has blossomed into a vital, cherished, and transformative hub for our entire community.

From its inception, the management and team behind the marquee have operated with the utmost consideration and respect for our neighbourhood. They have been exemplary neighbours, proactively managing noise, traffic, and lighting to minimise any disruption. Their communication is consistently excellent, keeping residents informed of event schedules and any potential changes. This thoughtful approach has fostered a relationship built on mutual respect, turning potential concerns into a model of how a venue can successfully integrate into a residential area.

The social and cultural benefits the marquee brings are immeasurable. It has become our community's living room—a versatile space that brings people together in celebration, learning, and connection. The diversity of events it hosts is astounding and deeply beneficial:

- Celebrating Life's Milestones: Hosting beautiful weddings and family celebrations locally means we don't have to travel afar, keeping the joy and economic benefit within our community. It provides a stunning, accessible venue for creating lifelong memories.
- Fostering Learning and Connection: The talks, conferences, and cultural events held there have enriched our intellectual and social lives. It has elevated the cultural offering of our area significantly.
- A Hub for All: It serves as a venue for charity fundraisers, local social meetings, and community gatherings, strengthening the bonds between residents and supporting vital causes.

In short, the marquee has massively improved our quality of life. It provides a year-round, weather-proof destination that alleviates social isolation and creates a tangible sense of place and belonging. It supports local employment, benefits nearby businesses, and prevents our community from becoming a mere dormitory town by injecting it with vitality and opportunity.

Denying this extension would not just be the loss of a temporary structure; it would be the removal of a beating heart from our community. The marquee, under its current thoughtful management, has proven its immense value and its commitment to being a good neighbour.

I urge you to please approve this application for a three-year extension. This decision will safeguard a crucial asset that makes our area a more vibrant, connected, and wonderful place to live.

Thank you for your consideration.
