

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

Town & Country Planning Act 1990 (as amended)

Planning Permission

Applicant

Mr Keith Burke
Burke Developments
77 Grange Avenue
Levenshulme
M19 2FZ

Agent (if used)

Mrs Amy Axon
Guy Taylor Associates
First Floor
Swan Buildings
20 Swan Street
Manchester
M4 5JW

Part 1 – Particulars of the application/development

Proposal: Erection of single-storey rear extensions to 8no. dwellings.

Location: 7 Chapel Street, Levenshulme, Manchester, M19 3QB

Date of application: 3 February 2026

Application number: 144790/FO/2025

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. Details of materials have been submitted, and the development would be acceptable subject to the implementation of these details. The planning application has been determined within a timely manner.

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents received by the Council as local planning authority on 16 December 2025 and 3 February 2026:

Proposed Site Plan Ref: 24-0016-20-000 Rev PL02
Proposed Elevations 01 Ref: 24-0016-20-101 Rev PL01
Proposed Elevations 02 Ref: 24-0016-20-102
Proposed Street Elevations 03 Ref: 24-0016-20-103
Proposed Extension Elevations Combined Ref: 24-0016-20-104 Rev PL01
Proposed Ground Floor Plan Ref: 24-0016-20-201 Rev PL01
Proposed First Floor Plan Ref: 24-0016-20-202 Rev PL01.

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy for the City of Manchester.

3) The materials used in the external surfaces of the development hereby approved shall be as follows:

i. Talasey Piranha shadow gap cladding in black carbon.

Reason - In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with policies SP1 and DM1 of the Core Strategy and the requirements of the National Planning Policy Framework.

4) a) Prior to commencement of the development hereby approved, a report (the Preliminary Risk Assessment) to identify and evaluate all potential sources and impacts of any ground contamination, groundwater contamination and/or ground gas relevant to the site shall be submitted to and approved in writing by the Local Planning Authority. The Preliminary Risk Assessment shall conform to the City Council's current guidance document (Planning Guidance in Relation to Ground Contamination). In the event of the Preliminary Risk Assessment identifying risks which in the written opinion of the Local Planning Authority require further investigation, the development shall not commence until a scheme for the investigation of the site and the identification of remediation measures (the Site Investigation Proposal) has been submitted to and approved in writing by the Local Planning Authority. The measures for investigating the site identified in the Site Investigation Proposal shall be carried out before development commences and a report prepared outlining what measures, if any, are required to remediate the land (the Site Investigation Report and/or Remediation Strategy) which shall be submitted to and approved in writing by the Local Planning Authority. The development shall then be carried out in accordance with the approved Site Investigation Report and/or Remediation Strategy.

b) Prior to the first use/occupation of the development, a Completion/Verification Report shall be submitted to and approved in writing by the Local Planning Authority, to validate that the development conforms with the approved Site Investigation Report and/or Remediation Strategy.

c) In the event of any non-conformity with the approved Site Investigation Report and/or Remediation Strategy, then any further measures that are required to remediate the land shall be carried out. Any required measures/remediation and validation shall continue until conformity has been achieved and agreed in writing by the Local Planning Authority, prior to first use/occupation of the development.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to policies DM1 and EN18 of the Core Strategy for Manchester.

5) a) Prior to any above ground works [associated with the residential phase of the development] a noise insulation and ventilation scheme for acoustically insulating the residential accommodation against and external and internal noise sources, together with details of the performance of any glazing, shall be submitted to and approved in writing by the Local Planning Authority.

The noise insulation and ventilation scheme shall take the potential for overheating into account. Noise survey data shall include measurements taken during a rush-hour period and night time to determine the appropriate sound insulation measures necessary. The following noise criteria shall be achieved when providing adequate ventilation as defined by Approved Document F of the Building Regulations (whole dwelling ventilation):

- Bedrooms (night time - 23.00 - 07.00) 30 dB LAeq (individual noise events shall not exceed 45 dB L_{Amax,F} by more than 15 times)
- Living Rooms (daytime - 07.00 - 23.00) 35 dB LAeq
- Gardens and terraces (daytime) 55 dB LAeq

The development shall then be carried out in accordance with the approved noise insulation and ventilation scheme.

b) Prior to the first use/occupation of the development, a completion / verification report shall be submitted to and approved in writing by the Local Planning Authority to validate that the work undertaken conforms to the recommendations and requirements of the approved noise insulation and ventilation scheme.

c) In the event of any non-conformity with the approved noise insulation and ventilation scheme, then any further measures that are required to achieve the required noise criteria shall be carried out. Any required measures and validation shall continue until conformity has been achieved and agreed in writing by the Local Planning Authority, prior to first use/occupation of the development.

Reason - To secure a reduction in noise from external sources and in order to protect future residents from noise disturbance pursuant to policies SP1, H1 and DM1 of the Core Strategy (2007) and saved policy DC26 of the Unitary Development Plan for the City of Manchester.

6) Before the occupation of the development a scheme shall be submitted to and approved in writing by the City Council as local planning authority to demonstrate that all windows, doors, glazing and fittings forming part of the development accords with Secured by Design specification. The development shall be fully implemented in accordance with the approved details, which shall remain in situ at all times thereafter

Reason - To reduce the risk of crime pursuant to policies SP1 and DM1 of the Core Strategy for the City of Manchester and to reflect the guidance contained in the National Planning Policy Framework.

Informatives

Building Regulations 2010

This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address: <https://www.manchester.gov.uk/roads-and-transport/street-naming-and-numbering>

Guidance for developers can be found via the following link:

http://www.manchester.gov.uk/info/500207/planning_and_regeneration/1962/additional_planning_guidance/3

Environmental Health have advised that the submission describes the proposed rooms as additional reception rooms including uses such as play room/study/sitting rooms for larger families. If the rooms are to be thermally compliant under Building Regulations then these would be considered habitable rooms subject to MCC's internal noise criteria for living rooms. Please refer to our previous comments regarding approval 141101/JO/2024 and, specifically, CDN/26/0047 where we advised that an acoustic assessment and any proposed insulation scheme remain outstanding for the overall development at this site.

Environmental Health have advised that the proposed development would constitute an alteration to the previously agreed Remediation Strategy (MES Contaminated Land Remediation and Verification Plan, Ref: 2843-3, dated November 2024) under approval 141101/JO/2024. The remediation strategy will therefore need to be amended and re-submitted for consideration.

It is recommended that the first floor glazing on the rear elevation of each property should be provided a laminated film, as these windows would be accessible via the roof of the respective proposed extensions.

Date: 30 March 2026

Signed: 

Julie Roscoe
Director of Planning, Building Control & Licensing

Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/appeal-planning-decision The Inspectorate will publish details of your appeal on the internet. Alternatively If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the City Council (planning@manchester.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
