Good morning,

87 South Drive Manchester M21 8ED - 144421/TCA/2025

Works to trees - proposed pruning works to 6x Holly and a Yew, Lime, Variegated Leylandii (in the neighbours garden), Quercus and section dismantle a Turkey Oak.

I have met with the customer to discuss the proposals and I can confirm that the pruning proposals would be considered routine pruning works.

The proposed felling of the Turkey Oak is justified, due to extensive crown dieback and the presence of **Armillaria Mellea** at the base.

The customer is currently deciding on a replacement tree as a mitigation measure for his Oak.

Kind regards

Rudi Farghaly
