- Chapter 16 - Conserving the Historic Environment

Draft National Planning Policy Framework (NPPF) (2025)

The government has published a consultation National Planning Policy Framework which is intended to improve housebuilding rates through a clearer, more predictable and faster policy basis for decision and plan making.

Whilst this is a draft NPPF for consultation it is considered that the development proposals are in accordance with the general thrust of policy contained within it. As set out in the printed report no adverse impacts have been identified through consideration of the application proposals that would outweigh a positive decision in this instance.

Other Legislative Requirements

- Planning (Listed Buildings and Conservation Areas) Act 1990

Issues

Principle of the Development

On the original application, the applicant initially applied for hours of 9:30 am -17:30 pm Monday to Friday. A standing compliance condition was attached to ensure compliance with the hours as proposed. A standing compliance condition was also attached to ensure compliance with the submitted Operating Schedule / Management Strategy, which confirmed these operating hours. These were attached to safeguard neighbouring occupiers' amenity , in line with policies SP1 and DM1 of the Core Strategy.

Following the grant of the planning permission, the applicant identified that, due to the diplomatic and representational nature of the Consulate's work, occasional events and engagements will need to be hosted outside of the hours outlined in Condition 5.

To facilitate the greater flexibility for opening hours as required, this application seeks amendments to the wording of Condition 5 and to provide an updated Operating Schedule / Management Strategy for Condition 6.

This increased flexibility is integral to the Consulate's diplomatic mission. Such events may include morning meetings or evening receptions, for example to support Irish community/business initiatives or to host visiting members of the Irish Government. As a result, the restricted operating hours attached to the Consented Scheme would not allow the Consulate to operate effectively and fulfil its core responsibilities.

On this basis, the principle of the development is considered to be acceptable, subject to their being no serious adverse noise or residential amenity impacts that would warrant a refusal of the application.

All other material planning considerations were assessed as a part of the original application and are not impacted by the two conditions being varied here.

Noise and Residential Amenity

The proposed operating hours are considered appropriate for the Site's location within Manchester city centre and are not expected to give rise to any adverse impacts on the amenity of neighbouring residents or uses.

The Consulate will operate predominantly within standard daytime hours, with only occasional invitation-only events or meetings occurring outside of these times.

In line with CS Policy DM1 and UDP Policy DC26.1, the proposed amendments will not have any adverse impacts on the amenity of surrounding residents or occupiers and are considered suitable within the wider context of the Regional Centre.

A standing condition has been attached to ensure the hours of operation applied for are adhered to for the lifetime of the use hereby approved.

A standing condition has been attached to ensure that any deliveries and servicing do not take place outside of 07:30 to 20:00, Monday to Saturday, with no deliveries/waste collections on Sundays/Bank Holidays, in order to protect the amenity of surrounding residents.

The waste management strategy submitted is considered to not have a negative impact upon surrounding residential amenity. A standing condition has been attached to ensure that the waste management of the use hereby approved is adhered to for the lifetime of the use.

As a part of the original application, the submitted noise assessment was reviewed by Manchester City Council's Environmental

Health team, who confirmed that the noise assessment information submitted used data for the background noise levels around the site is from 2016, which is deemed to be out of date, so a new assessment is required. In addition, the assessment does not mention the cowls which are to be installed on the roof of the development, which should be assessed as a part of this.

No updated noise assessment was submitted as a part of the application, so the pre-commencement condition remains attached to ensure that a sufficiently up to date noise assessment is submitted for review so that assurance can be sought that the installation of the louvres and roof air cowls will not lead to any negative impact upon surrounding residential amenity

Conclusion

Given the above, the proposal is considered to be consistent with the relevant policies set out above and is therefore approved with conditions attached.

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including

Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Officers have worked with the applicant/agent in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the application.

Condition(s) to be attached to decision for approval

1) The development must be begun not later than the expiration of three years beginning with 08 October 2025.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents, received by Manchester City Council as the Local Planning Authority on 18 August 2025:

- Site Location Plan 100114757-ATR-XX-XX-DR-AR-011030.P01
- Proposed Site Plan 100114757-ATR-XX-XX-DR-AR-011032.P01

- Environmental Standards Statement 100114757-ATR-XX-06-TN-X-500002
- Noise Impact Assessment
- Security Statement 100114757-ATR-XX-06-TN-SD-661001

Received by Manchester City Council as the Local Planning Authority on 28 January 2026:

- Operating Schedule / Management Strategy 100114757

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy and saved policy DC18.

3) a) Any plant, equipment and servicing shall be selected and/or acoustically treated in accordance with a scheme designed so as to achieve a rating level of 5dB (LAeq) below the typical background (LA90) level at the nearest noise sensitive location. Prior to commencement of the use hereby approved, the scheme shall be submitted to and approved in writing by the

City Council as the Local Planning Authority in order to secure a reduction in the level of noise emanating from the site. The scheme shall be implemented in full before the use commences.

b) Prior to the operation of the scheme, a verification report shall be submitted to and approved in writing by the City Council as local planning authority to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved acoustic report. The report shall also undertake post completion testing to confirm that the noise criteria have been met.

c) In the event of non-conformity with the details approved in part a of this condition, then any measures/changes required to achieve conformity shall be carried out. Any required measures/changes and verification shall continue until conformity has been achieved and agreed in writing by the Local Planning Authority, before the use can commence.

Reason - To safeguard residential amenity by minimising the impact of the development and to prevent a general increase in pre-existing background noise levels around the site, pursuant to policies SP1 and DM1 of the Core Strategy for the City of Manchester and Unitary Development Plan saved policy DC26.

4) Prior to the installation of any external louvres hereby approved, a detailed specification of the micro louvre (including colour), shall be submitted to and be approved by the City Council as the Local Planning Authority. The development shall then be implemented in accordance with the approved details.

Reason - In the interests of visual amenity in accordance with saved policy DC18.1 of the Unitary Development Plan for the City of Manchester and policies SP1, EN3 and DM1 of the Core Strategy.

5) The premises shall not be open outside the following hours:-

- 06:00 to 23:00 Monday to Sunday

Reason - In interests of residential amenity in order to reduce noise and general disturbance in accordance with saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy.

6) The operation and management of the Consulate Use (Sui Generis) hereby approved, shall be carried out in accordance with the 'Operating Schedule / Management Strategy 100114757-ATR-XX-XX-TN-A-020003 v2.0', produced by AtkinsRéalis, received by the City Council as the Local Planning Authority on 28 January 2026.

Reason - To safeguard neighbouring occupiers' amenity and ensure no unacceptable impacts on the highway, pursuant to policies SP1 and DM1 of the City of Manchester Core Strategy.

7) Deliveries, servicing and collections, including waste collections shall not take place outside the following hours: 07:30 to 20:00, Monday to Saturday, Sunday/Bank Holiday the times shall be confined to 10:00 to 18:00.

Reason - In order to protect the amenity of local residents and in accordance with policies SP1 and DM1 of the Core Strategy.

8) Cycle parking provision for the Consulate Use (Sui Generis) hereby approved, shall be carried out in accordance with the 'Operating Schedule / Management Strategy 100114757-

ATR-XX-XX-TN-A-020003', produced by AtkinsRéalis, received by the City Council as the Local Planning Authority on 18 August 2025 and be in place prior to the first use of the development.

Reason - In the interest of ensuring sufficient cycle provision is put in place in accordance with policies SP1 and DM1 of the Core Strategy.

9) The details of the approved waste management scheme, shall be implemented as part of the development, in accordance with the following drawings and documents, received by Manchester City Council as the Local Planning Authority on 18 August 2025:

- Waste Management Proforma
- Operating Schedule / Management Strategy, which confirms that the waste and service management will be aligned to the existing building, as approved under application 111682/FO/2016/C2

This waste management scheme shall remain in situ whilst the use or development is in operation.

Reason - In order to ensure that adequate provision is made within the development for the storage and recycling of waste in accordance with policies DM1 and EN19 of the Core Strategy for the City of Manchester.

10) Notwithstanding the provisions of the Town and Country Planning Act (Use Classes) Order 1987 (or any other revoking and re-enacting that Order with or without modification) the premises shall only be used for the following uses and no other purposes: Consulate General of Ireland (Sui Generis).

Reason - The use of the premises other than in accordance with the approved use would require further consideration by the Local Planning Authority and may not be appropriate in this locality in accordance with Core Strategy Policies SP1, EC2 and DM1, and the National Planning Policy Framework.
