MANCHESTER CITY COUNCIL

Appendix E - Waste Management Strategy (v7.00 from September 2023)

Planning Application Number:
Date Submitted:
Estimated volumes / m2 required by the development

Will this property be used as a House in Multiple Occupation (HMO)?	~~Yes~~ / No (delete as appropriate)
If this property will be used as an HMO, how many people do you intend to accommodate (5+)?	

Low Rise Domestic

Waste Types	Capacity required (litres)	Number of bins required (per household)	Confirm what is to be provided (and whether the developer or the resident will be responsible for ordering these)
General refuse	140 standard / 240 in certain circumstances	1 x wheeled bin (possibly more for HMO)	
Pulpable Recycling	240	1 x wheeled bin (possibly more for HMO)	
Mixed Recycling	240	1 x wheeled bin (possibly more for HMO)	
Garden Waste	240	1 x wheeled bin (possibly more for HMO)	
Food Waste	23	1 x 23 litre caddy (Possibly more for HMO)	

High Rise Apartment Developments

0.43m2 has been provided per apartment for the containers, with extra space for residents to access each container and space for staff to manoeuvre each container for collection. (different for purpose-built student accommodation – see guidance)	Yes / No (delete as appropriate) How many of each container do you plan to provide? _____ x general refuse x 1100 litre (based on 110 litres per apartment) _____ x pulpable Recycling x 1100 litre (based on 55 litres per apartment) _____ x mixed recycling x 1100 litre (based on 55 litres per apartment) _____ x food waste x 240 litres (based on 10 litres per apartment) _____ x garden waste (if applicable) x 240 litres
Is it as easy, or easier, for residents to recycle, as it is for them to dispose of general waste?	Yes / No (delete as appropriate)

Commercial Developments

Please state number of bins you propose, showing calculations where appropriate.

General Waste - 2x 660L

Dry recycling (include material type details) - 1x 660L

Food Waste - 1x240L

Industrial Waste -

Other - Cardboard & Paper - 1x 660L

Has / will a contract be obtained with a licenced waste carrier?	Yes / ~~No~~ (delete as appropriate

Mixed Use Developments

Are the stores for residential and commercial waste completely separate from each other, with residents having no access to the commercial store and the commercial units having no access to the residential store?	Yes / No (delete as appropriate)

Internal Stores (Residential and Commercial)

Please provide details of internal stores / segregation of waste and recycling.

No internal stores on site

Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

The storage area for waste containers is situated in the rear of the building, as shown in the drawings and it can be accessed via an existing waste corridor through an external door. No internal doors connect the waste storage area with the interior of the building.

Ensure all bins in the store are accessible	X
Ensure recycling facilities are as easy to access as general refuse	X

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation - The waste store is enclosed within the building footprint but fitted with full-height louvred doors that provide direct natural ventilation to external air.

Hygiene - The store will be well lit and have a washable floor for easy cleaning. It will be hosed down regularly, and bins will be cleaned and disinfected as part of routine maintenance. The store will remain closed except during use to maintain hygiene and prevent pests.

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g., resident / management company

A designated cleaner will be responsible for placing the bins at the collection point on scheduled collection days and returning them to the store promptly after collection. The cleaner will also maintain hygiene standards in the waste area, as outlined in the Operational Management Strategy.

Please ensure that you have attached:

Detailed plans of bin stores	X
Location plans showing stores	X
Location plans showing the proposed collection point and the route the collection vehicle will take (please refer to the Road, Vehicle and Waste Operative Access Specification – paying particular attention to turning space and reversing)	X

Please ensure that you have completed this form in accordance with the latest version of GD04 Waste Storage and Collection Guidance for New Developments – v.7 September 2023, read in conjunction with the Waste and Recycling Service Standard found on the Council website.
