1) Please provide first floor plans as existing and proposed.

Further to your email of the 12th February due to the proposals being for a ground floor bedroom we wish to understand the level of occupancy of the property hence the request for first floor plans.

Good morning I hope you are well following from your email I will try and arrange a site viewing with my client so I can take accurate measurements of the first floor layout. I can confirm the reason for the the proposed extension/new bed room if for an elderly parent that struggles to climb the steep stairs. I will hopefully have the plans sent over next week.
