Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

☐ Yes, on land adjacent to or near the proposed development

☒ No

b) Designated sites, important habitats or other biodiversity features

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

c) Features of geological conservation importance

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

☐ Yes

☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Under 25 square metres

Please justify the reason why biodiversity net gain does not apply:

Installation of 2no. condensers are the only works being completed.

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☒ Mains sewer
- ☐ Septic tank
- ☐ Package treatment plant
- ☐ Cess pit
- ☐ Other
- ☐ Unknown

Are you proposing to connect to the existing drainage system?

- ☐ Yes
- ☒ No
- ☐ Unknown

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☐ Yes
- ☒ No

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
- ☒ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☐ Yes
- ☒ No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

☐ Yes

☒ No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?

Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

☐ Yes

☒ No

Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?

☐ Yes

☒ No

Hours of Opening

Are Hours of Opening relevant to this proposal?

☐ Yes

☒ No

Industrial or Commercial Processes and Machinery

Does this proposal involve the carrying out of industrial or commercial activities and processes?

☐ Yes

☒ No

Is the proposal for a waste management development?

☐ Yes

☒ No

Hazardous Substances

Does the proposal involve the use or storage of Hazardous Substances?

☐ Yes

☒ No

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☐ Yes
☒ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☐ The agent
☒ The applicant
☐ Other person

Hi,

I've been asked to respond to your enquiry:

I am project manager completing a CATB fit out at Windmill green, 24 Mount Street, Manchester, M2 3NN - as part of the works i am looking at installing 2no. AC condensers at 7th floor roof level, adjacent existing condensers, the LL representative is asking i need planning permission - of which i am unaware and was wondering if you could give any guidance.

Can you confirm if this is to be atop the access stair building (where the solar panels are located) or on the roof terrace? Additionally, do any of these other works involve external alterations to the building?

In principle, new roof plant would require a planning application. This should be supported by:

A location plan

Scaled existing and proposed roof plans

Scaled existing and proposed elevations

Scaled existing and proposed cross sections through the parapet of the building (if relevant)

A Noise Impact Assessment assessing ambient noise levels, with any recommendations for enclosures/acoustic treatment required to achieve Council noise criteria.

Additionally, the building is in a Conservation Area and the application should be supported by a heritage statement. This should outline any adjacent listed buildings, set out the significance of those buildings and that of the Conservation Area, identify any harms to their setting as a result of the proposal and set out how any impacts have been mitigated (perhaps by siting them away from the parapet or that they have been made non-visible from street level).

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☐ Yes
- ☒ No

Can you give appropriate notice to all the other owners/agricultural tenants? (Select 'Yes' if there are no other owners/agricultural tenants)

- ☐ Yes
☒ No

If No, and you cannot trace all the other owners/agricultural tenants, can you give the appropriate notice to one or more owner/agricultural tenant?

- ☒ Yes
☐ No

Certificate Of Ownership - Certificate C

I certify/The applicant certifies that:

- Neither Certificate A or B can be issued for this application
- All reasonable steps have been taken to find out the names and addresses of the other owners (owner is a person with a freehold interest or leasehold interest with at least 7 years left to run) of the land or building, or of a part of it, but I have/the applicant has been unable to do so.

The steps taken were:

Building is a sub-tenanted space - Email sent to LL agent to advise of works taking place.

I have/the applicant has given the requisite notice to the persons specified below being persons who, on the day 21 days before the date of this application, were owners/agricultural tenants of any part of the land to which this application relates.
