Comment Reasons:

Comment: I wish to record my support for this application.

The temporary marquee has been an important facility for the British Muslim Heritage Centre, enabling community programmes, educational events, and gatherings that cannot be accommodated within the main building. Its continued use for a further three years will support the centre's ongoing initiatives without placing any visual, environmental, or traffic burden on the local area.

The structure is well-managed, respectfully operated, and provides clear community benefit. Extending the permission will allow the centre to continue delivering its services while longer-term plans are developed.

I therefore support the application.
