Reason for Lawful Development Certificate

Please indicate why you are applying for a lawful development certificate

- [x] An existing use
- [ ] Existing building works
- [ ] An existing use, building work or activity in breach of a condition

Being a use, building works or activity which is still going on at the date of this application.

If Yes, to either 'an existing use' or 'an existing use in breach of a condition', please select the relevant Use Class.

C4 - Houses in multiple occupation

Description of Existing Use, Building Works or Activity

Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates

The application relates to the existing use of the property as a House in Multiple Occupation (HMO). The property has been used continuously as an HMO for more than 10 years, providing accommodation for multiple unrelated occupants who share kitchen and bathroom facilities. No material physical alterations have been carried out that require planning permission; the application seeks confirmation that the established use of the property as an HMO is lawful by virtue of the length of time it has been in continuous use

Grounds for application for a Lawful Development Certificate

Under what grounds is the certificate being sought

Where the use, building works or activity began ***before 25 April 2024***

- [x] The use began more than 10 years before the date of this application
- [ ] The use, building works or activity in breach of condition began more than 10 years before the date of this application
- [ ] The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years
- [ ] The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application.
- [ ] The change of use to use as a single dwelling house began more than four years before the date of this application.
- [ ] Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).

Where the use, building works or activity began on or after 25 April 2024

- [ ] The use, building works or activity began more than 10 years before the date of this application.
- [ ] The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years.
- [ ] Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).

Is the certificate being sought for a use, operation, or activity in breach of a condition or limitation?

- ◯ Yes
- ⊘ No

Please state why a Lawful Development Certificate should be granted

A Lawful Development Certificate should be granted because the property has been used continuously as a House in Multiple Occupation (HMO) for a period exceeding 10 years. During this time, the use has been uninterrupted, open, and without concealment. In accordance with Section 191 of the Town and Country Planning Act 1990, the continued use of the property as an HMO has therefore become lawful through the passage of time. The evidence submitted demonstrates that the HMO use has been established for the required 10-year period, and as such, the local planning authority is required to recognise this lawful use by issuing the certificate.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
