Growth & Development

Delegated officer report for planning application

Application no. 144044/AOH/2025

Date registered valid: 23 September 2025

Proposal: Upgrade of existing digital 48 sheet advertisement screen and supporting structure.

Address: Land Chester Road, Southeast Corner, Manchester, M15 4JA

Ward(s): Hulme Ward

Applicant: Susan Fleming, Ocean Outdoor UK Limited

Agent (if any):

Case officer: Katie Raw
Tel: 0161 234 4164
Email: katie.raw@manchester.gov.uk

Recommendation: Approve

Date of recommendation: 15 December 2025

Application details

Type of application: Advertisement Hoardings Consent

Development type: Advertisements

Date of site visit: 17 October 2025

Standard consultations:

Printed: 6 October 2025 Expired: 27 October 2025

Neighbour notifications

Printed: 6 October 2025 Expired: 27 October 2025

Site notice

No site notice has been produced

Press advert

No press advert had been published

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

Listed building: Not applicable

Conservation area: No

Tree Preservation Order: No

The application site relates to Land on Chester Road Southeast Corner within the south Manchester ward of Hulme. The site is located on the land on the southern side of the junction of Chester Road and Mancunian Way roundabout on the outskirts of the City Centre, close to the slip road from the Mancunian Way. The site relates to a grassed area and benefits from an existing static digital advertisement display panel.

Description of area

The application site sits within the context of the Chester Road/ Deansgate Interchange roundabout. To the north of the site sits the residential Elizabeth Tower, which forms part of the wider New Jackson area. To the south and west of the site sits older high rise accommodation and low rise properties which can be accessed from Chorlton Road. The Grade II listed Church of St George, which has been converted to residential apartments, lies to the north west, and the 13 storey City Gate apartment block lies to the north. Castlefield Conservation Area lies further north and west of the site.

Description of development

The current application seeks advertisement hoarding consent to upgrade of existing digital 48 sheet advertisement screen and supporting structure.

The structure would have dimensions, at the largest point, of Height: 5.6 x Length: 6.3 x Width: 0.9 metres.

The LED screen would sit on a 3mm aluminum panels RAL9007 with 5mm opal acrylic infill panel (black lit via LED modules). The rear panel would have illuminated central cassettes for the logos and the aluminum cassettes would have 25mm shadow gap to the rear elevation.

The signage has a proposed illuminance level of 600cd/m². The intensity of the illuminance of the advertisement screens shall be set at 600cd/m² during daylight hours and shall only increase when the ambient light levels increase, to achieve a luminance level of no greater than 5000cd/m² during daylight hours. The intensity of the illuminance of the advertisement screens shall be set at no more than 300cd/m² during the hours of darkness.

Cladding: Interpon D1036 - RAL 9007 - Metallic Matt SW207G with 5mm opaque acrylic infill in the Y shaped feature of the base.

MCC logo and worker bee: Interpon 610-RAL9010 smooth matt MA810L. The features on the rear and the Ocean logo to the front will be laser cut and illuminated in a soft white light not exceeding 300 cd/m².

Negotiations during the Course of the Application

During the course of the application, the agent confirmed the rear panel would be divided into multiple cladding panels.

Further information was supplied as requested by colleagues in Highway Services.

A revised scheme was received from the agent as the placement of logos changed during the course of the application.

Planning History

111385/AO/2016/S1- Land At Chorlton Road/Chester Roundabout- Installation of a 5.4 metre high Static Digital Advertisement Display Panel in replacement of existing Static Back Illuminated Vinyl Advertisement Display Panel.
Approved 18 April 2016.

056049/AO/CENTL1/99- Chester Road Roundabout, Central reservation of Princess Road, Gaythorn Roundabout, Mancunian Way near Jackson Crescent- 5no. free standing illuminated promotional hoardings.
Approved 26 March 1999.

048649/VO/CENTL1/95- Land At Mancunian Way/Chorlton Road- CITY COUNCIL DEVELOPMENT Three illuminated information signs with 6 flagpoles.
Approved 30 November 1995.

Consultations & Notification Responses

Local Residents

4no. objections were received during the course of the application. The following concerns were raised:

- Screen would be highly visible from neighbouring properties.
- Screen would create visual clutter.
- Screen would increase light pollution at night.

- The sign would be a distraction for drivers and will lead to a greater risk of traffic incidents/accidents.
- The application has been proposed before and wasn't granted due to great number of objections.

It is to be noted that neighbour responses appeared to be confused with a development on a different site in close proximity to the applicant site. Such other development relates to the central roundabout of the Deansgate Interchange where consent was granted for the installation of 1no. landscape digital display and associated supporting structures and 1no. portrait digital display and associated supporting structures (see planning ref: 139189/AOH/2024). Works for such development can be seen on site.

Highway Services

Highway Services reviewed the application and requested photomontages be provided to be able to fully assess the proposal.

Concerns were raised with the methodology and conclusions within the submitted Highway Safety Report (SLR, dated January 2024).

Further information is sought regarding the 'upgrade to structure'. Should there be any proposed works to the structure adjacent to the highway structural drawings and calculations for the temporary and permanent support works must be submitted for checking (for a fee) to MCC Bridges/Structures Section. The applicant is advised to contact highways.structures@manchester.gov.uk.

Detail is sought on proposed installation arrangements from a highways perspective. The applicant is required to discuss and agree any requirements for licensing, hoarding / scaffolding, and skips with MCC's Highways Licensing Team via Email to: highwaylicences@manchester.gov.uk

The applicant is required to discuss and agree any requirements for temporary traffic and pedestrian management with MCC's Event and Traffic Management Team via Email to highwaynetworkmanagement@manchester.gov.uk

It should be ensured that the appropriate maintenance agreements are in place. MCC Highways are not responsible for maintaining any of the proposed apparatus at the site.

If the scheme were recommended for approval, Highway Services requested a condition to be attached to any approval granted.

Further Highway comments received 25 November 2025:

It is noted and understood that the wording cannot be changed in the submitted Highway Safety Report (SLR, dated January 2024).

Further Highway comments received 10 December 2025:

Concern is raised that the photomontages may not be from the stop lines, as previously requested.

Environmental Health

Environmental Health reviewed the proposal and had no objections. Environmental Health requested a LIGHT2 (advertising screens) condition be attached to any approval granted.

Issues

POLICY

Town and Country Planning (Control of Advertisements) Regulations 2007

Powers to be exercised in the interests of amenity and public safety:

3.—(1) The Local planning authority shall exercise its powers under these Regulations in the interests of amenity and public safety, taking into account—

- (a) the provisions of the development plan, so far as they are material; and
- (b) any other relevant factors.

(2) Without prejudice to the generality of paragraph (1)(b)—

(a) factors relevant to amenity include the general characteristics of the locality, including the presence of any feature of historic, architectural, cultural or similar interest;

(b) factors relevant to public safety include—

(i) the safety of persons using any highway, railway, waterway, dock, harbour or aerodrome (civil or military);

(ii) whether the display of the advertisement in question is likely to obscure, or hinder the ready interpretation of, any traffic sign, railway signal or aid to navigation by water or air;

(iii) whether the display of the advertisement in question is likely to hinder the operation of any device used for the purpose of security or surveillance or for measuring the speed of any vehicle.

(3) In taking account of factors relevant to amenity, the local planning authority may, if it thinks fit, disregard any advertisement that is being displayed.

(4) Unless it appears to the local planning authority to be required in the interests of amenity or public safety, an express consent for the display of advertisements shall not contain any limitation or restriction relating to the subject matter, content or design of what is to be displayed.

National Planning Policy Framework (December 2024)

Section 12 'Achieving Well Designed Places' Paragraph 141 states:

The quality and character of places can suffer when advertisements are poorly sited and designed. A separate consent process within the planning system controls the display of advertisements, which should be operated in a way which is simple, efficient and effective. Advertisements should be subject to control only in the interests of amenity and public safety, taking account of cumulative impacts.

Manchester Core Strategy (2012) Development Plan Document 2012 -2027 ("the Core Strategy") was adopted by the City Council on 11th July 2012. It is the key document in Manchester's Local Development Framework.

A number of UDP policies have been saved until replaced by further development plan documents to accompany the Core Strategy. Planning applications in Manchester must be decided in accordance with the Core Strategy, saved UDP policies and other Local Development Documents.

The following Core Strategy policies are considered relevant to this application:

Policy DM1 (Development Management) states that all development should have regard to:

- appropriate siting, layout, scale, form, massing, materials and detail,
- the affects on amenity including light and road safety,
- the impact on the character of the surrounding area in terms of design, scale and appearance,
- vehicular access and car parking

- effects relating to landscape, archaeological or built heritage.

Policy SP1 (Spatial Principles) states that development in all parts of the City should make a positive contribution to neighbourhoods of choice, creating well designed places that enhance or create character, consider the needs of all members of the community and protect and enhance the built environment.

Policy EN1 (Design Principles and Strategic Character Areas) states all development in Manchester will be expected to follow the seven principles of urban design, as identified in national planning guidance and listed above and have regard to the strategic character area in which the development is located. Opportunities for good design to enhance the overall image of the City should be fully realised, particularly on major radial and orbital road and rail routes.

Unitary Development Plan for Manchester (1995)

Whilst the Core Strategy has now been adopted some of the UDP policies remain saved as there are no replacement policies contained in the Core Strategy.

The following Unitary Development Plan policies are of relevance to this application:

Policies DC15.1 and 15.2 (Advertisements, Hoardings and Posters) state that the City Council will take into account the impact of advertisements on visual amenity and public safety when determining applications for the display of advertisements, including free standing advertisement hoardings.

Policy E3.3 (Environmental Improvement and Protection) states the Council will upgrade the appearance of the City's major radial and orbital roads and rail routes. This will include improvements to the appearance of adjacent premises; encouraging new development of the highest quality; and ensuring that landscape schemes are designed to minimise litter problems.

Places for Everyone (2022-2039)

Places for Everyone is a long-term plan of nine Greater Manchester districts for jobs, new homes, and sustainable growth. It has been published by the GMCA on behalf of the nine districts and took effect and became part of the statutory development plan on March 21, 2024.

The Plan and its policies are now a material planning consideration in the determination of planning applications. The Plan and its policies must therefore be given full weight in the planning balance.

The policies of relevance are:

JP- S1- Sustainable development

ISSUES

Principle of Development

According to the NPPF (Chapter 12) the main issues for consideration relate to the impact of the proposals on visual amenity and public safety. The development seeks advertisement hoarding consent to upgrade of existing digital 48 sheet advertisement screen and supporting structure. The advertisement would replace the supporting structures at the site and re-refresh the design of the structure. Given the existing structure on site and the continuous planning history of this site, the principle of development is considered acceptable. However, consideration must be given to the impact in terms of visual amenity and highway safety.

Visual Amenity

The current application seeks advertisement hoarding consent to upgrade of existing digital 48 sheet advertisement screen and supporting structure. The advert would be seen in the context of the existing large highway interchange with its associated highway structures and paraphernalia.

Since the approval of the sign currently at the site (see planning history 111385/AO/2016/S1), many high rise residential blocks including Elizabeth Tower and Crown Street Victoria Residence have been built in accordance with the wider redevelopment of the New Jackson area. The application advert faces onto the direction of such residential flats. However, given the approximate 77 metre gap between the sign and the closest residential block, any impacts in terms of visual disamenity is likely to be minimal especially given the sign would be viewed in the context of the wider roundabout and associated infrastructure.

3no. high rise blocks which are older in age sit close to the applicant site to the south and south west: Thomas Court, St Georges Court and Hulme Court. Given the sign would face in a northerly direction and so away from said properties, such neighbours within these blocks are highly unlikely to feel the visual impact of the proposed sign.

The signage has a proposed illuminance level of 600cd/m². The intensity of the illuminance of the advertisement screens shall be set at 600cd/m² during daylight hours and shall only increase when the ambient light levels increase, to achieve a luminance level of no greater than 5000cd/m² during daylight hours. The intensity of the illuminance of the advertisement screens shall be set at no more than 300cd/m² during the hours of darkness. A condition would be attached to any approval granted restricting the illuminance level to 300 cd/m² during non daylight hours / inclement weather, as has been advised by colleagues in Highway Services and Environmental Health. This would ensure the sign is not overly bright nor give rise to visual clutter and so is considered acceptable.

It is acknowledged that since the latest approval for the sign on the site, 2no. adverts have been approved within the central roundabout area (139189/AOH/2024- Installation of 1no. landscape digital display and associated supporting structures and 1no. portrait digital display and associated supporting structures). As the current application seeks to upgrade the existing sign already at the site it would not lead to an additional sign within the roundabout and so not lead to any further visual clutter.

The site is approx. 140 metres away from the listed church (apartments) and the Castlefield Conservation Area with the roundabout intervening. As such, there is no impact on those heritage assets.

The materials to be used for the proposal are listed as:

Cladding: Interpon D1036 - RAL 9007 - Metallic Matt SW207G with 5mm opaque acrylic infill in the Y shaped feature of the base.

MCC logo and worker bee: Interpon 610-RAL9010 smooth matt MA810L. The features on the rear and the Ocean logo to the front will be laser cut and illuminated in a soft white light not exceeding 300 cd/m².

The sign would have a grey colouration and would be in keeping with the colouration of similar advertising hoardings in the wider context. Given the logos would be laser cut to add details, the proposed colouration and materiality are not considered to give rise to visual harm. Further, a condition would be attached to any approval granted for the logos to be laser cut to ensure the sign involves details to add interest to the signs.

The panels to the rear would need to be divided into multiple panels, as shown within the submitted elevations, and would sit proud with a depth of 800mm. Whilst the LPA acknowledged one sheet would give a more flawless finish, the LPA understand this would not be feasible and the rear of the sign would be largely hidden from view due to the positioning of the advert. Given the limitations of the size of the development, such arrangement would not be given to give rise to harm.

The structure would have dimensions, at the largest point, of Height: 5.6 x Length: 6.3 x Width: 0.9 metres. The overall height of the proposal would increase slightly (approx. 100mm), however would be slightly shorter (approx. 400mm) and thinner (approx. 300mm difference). Given the proposed structure largely reflects the dimensions of the existing advert, the scale of the development is not considered to give rise to adverse visual amenity implications.

Therefore, the scheme can be considered commensurate with National Planning Policy Framework (NPPF), the Town and Country Planning (Control of Advertisements) Regulations 2007, saved policies DM1 and SP1 of the Manchester Core Strategy and saved policies DC15 of the Unitary Development Plan for the City of Manchester.

Public Safety

Colleagues in Highway Services reviewed the signage proposals and requested photomontages of the drivers' eye view from the stopline and from 50 metres from the stopline, on the approaches to the signs at the roundabout.

Such information was supplied by the agent and reviewed by colleagues in Highway Services. However, Highways raised concern that the photos may not be from the sight line. No formal response to the photomontage evidence was provided by Highways during the course of the application.

The montages submitted are as close to the stop line so as not to be inaccurate and with the benefit of street view to enable a driver's eye view. It is to be noted the sign is an existing digital location. The main physical changes proposed are the addition of panelling around the current structure and the inclusion of MCC logos, neither of which have any impact on the highway. If the fabrication work were not required, the applicant would not be seeking planning permission to replace the screen, as this would constitute a standard maintenance matter.

The structure would have dimensions, at the largest point, of Height: 5.6 x Length: 6.3 x Width: 0.9 metres. The overall height of the proposal would increase slightly (approx. 100mm), however would be slightly wider (approx. 400mm), but would have a slightly reduced depth (approx. 300mm difference). Given the proposed structure largely reflects the dimensions of the existing advert, such dimension changes are not considered to have a detrimental impact on the highway.

The signage has a proposed illuminance level of 600cd/m². The intensity of the illuminance of the advertisement screens shall be set at 600cd/m² during daylight hours and shall only increase when the ambient light levels increase, to achieve a luminance level of no greater than 5000cd/m² during daylight hours. The intensity of the illuminance of the advertisement screens shall be set at no more than 300cd/m² during the hours of darkness. A condition would be attached to any approval granted restricting the illuminance level to 300 cd/m² during non daylight hours / inclement weather. This would ensure the sign is not overly bright and so would ensure no harm to the highway.

It is noted the previous scheme of 111385/AO/2016/S1 at the site restricted the illuminance level at any time so not to increase beyond 300 cd/m². However, in the case of the current application, Highway Services and Environmental Health request the illuminance level does not exceed 300 cd/m² during non daylight hours / inclement weather only. This suggests Highways are satisfied with the increase in the illuminance level and would reflect the sign in brightness seen across various signs since 2016. Further, such levels would be in keeping with the approved signs within the central Chester Road roundabout (see planning ref: 139189/AOH/2024).

On balance, given the sign is already in situ, conditions would be attached to any approval granted to control the level of illumination and given the works mainly relate to upgrading the structure, in this instance, it would be unreasonable to refuse advertisement consent for this reason. As such, the scheme can be considered to be in accordance with the Town and Country Planning (Control of Advertisements) Regulations 2007 part 2(b), saved policies DM1 and SP1 of the Manchester Core Strategy and saved policies DC15.1, DC15.2, DC15.3 of the UDP.

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

N/A.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) No advertisement is to be displayed without the permission of the owner of the site or any other person with an interest in the site entitled to grant permission. No advertisement shall be sited or displayed so as to:

- (a) endanger persons using any highway, railway, waterway, dock, harbour or aerodrome (civil or military);
- (b) obscure, or hinder the ready interpretation of, any traffic sign, railway signal or aid to navigation by water or air; or
- (c) hinder the operation of any device used for the purpose of security or surveillance or for measuring the speed of any vehicle.

Any advertisement displayed, and any site used for the display of advertisements, shall be maintained in a condition that does not impair the visual amenity of the site.

Any structure or hoarding erected or used principally for the purpose of displaying advertisements shall be maintained in a condition that does not endanger the public.

Where an advertisement is required under these Regulations to be removed, the site shall be left in a condition that does not endanger the public or impair visual amenity.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

- Application Form, received by the City Council as Local Planning Authority on 23 September 2025.
- Location Plan, numbered PY4850-001, received by the City Council as Local Planning Authority on 23 September 2025.
- Drawing- Proposed- Sections and Details, numbered 5477678, received by the City Council as Local Planning Authority on 23 September 2025.
- Drawing- Proposed- Elevations, numbered PY4850-004, received by the City Council as Local Planning Authority on 23 September 2025.
- Drawing- Proposed- View, numbered PY4850-007, received by the City Council as Local Planning Authority on 23 September 2025.
- Supporting Information- Planning Statement- Ocean Outdoors, received by the City Council as Local Planning Authority on 23 September 2025.
- Drawing- Proposed- Panel Fabrication, received by the City Council as Local Planning Authority on 28 November 2025.
- Drawing- Proposed- Standard Specification, numbered PY4850-005 REV C, received by the City Council as Local Planning Authority on 9 December 2025.

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy and the National Planning Policy Framework.

3) a) No individual advertisements displayed on the LED panel shall contain moving images, animation, video or full motion images or any images that resemble road signs, traffic lights or traffic signs.

b) No individual advertisements shall be displayed for duration of less than 10 seconds.

c) Controls shall be in place to ensure smooth uninterrupted transition of images displayed on the panel.

d) The display panel shall be fitted with a light sensor, designed to adjust the brightness to changes in ambient light levels.

- e) A mechanism shall be in place so that if the installation breaks down, it defaults to a black screen to avoid any flashing error messages or pixilation.
- f) The maximum luminance level of the advertisements displayed on the panel shall not exceed 300 cd/m² during non daylight hours / inclement weather.

Reason - To ensure the proposal does not present an unacceptable safety risk to users of the local highway network in accordance with Core Strategy Policy DM1 and the National Planning Policy Framework.

4) The logos to the front and rear of the advertisement board hereby approved shall be laser cut in accordance with the submitted Planning Statement- Ocean Outdoor, received by the City Council as Local Planning Authority on 23 September 2025.

Reason - In the interests of visual amenity pursuant to policies SP1, EN1 and DM1 of the Manchester Core Strategy and saved policy DC15 of the Unitary Development Plan for the City of Manchester.

Informatives

1) Highways arrangements:

Further information is sought regarding the 'upgrade to structure'. Should there be any proposed works to the structure adjacent to the highway structural drawings and calculations for the temporary and permanent support works must be submitted for checking (for a fee) to MCC Bridges/Structures Section. The applicant is advised to contact highways.structures@manchester.gov.uk.

Detail is sought on proposed installation arrangements from a highways perspective. The applicant is required to discuss and agree any requirements for licensing, hoarding / scaffolding, and skips with MCC's Highways Licensing Team via Email to: highwaylicences@manchester.gov.uk

The applicant is required to discuss and agree any requirements for temporary traffic and pedestrian management with MCC's Event and Traffic Management Team via Email to highwaynetworkmanagement@manchester.gov.uk

It should be ensured that the appropriate maintenance agreements are in place. MCC Highways are not responsible for maintaining any of the proposed apparatus at the site.
