CubicWorks

Project Reference: Manchester One

Subject: Commitment to Local Employment during Construction Phase

To Whom it May Concern,

With this agreement the awarded construction contractor, CubicWorks Limited, confirms its intent to maximise local labour benefits during the construction phase of the above project.

Labour Action Plan

Directly Employed Labour
CubicWorks will endeavour to utilise as much directly employed labour as possible from the local geographical area to deliver the construction phase.

Employment Type (new entrant, apprentices, graduate, work placement)
CubicWorks continually works with local skill providers and partners to provide a number of employment opportunities for new entrants, apprentices, graduates, and work placement students. These employees will provide support throughout the project duration.

Sub-contractors / Suppliers
CubicWorks will endeavour to utilise our local subcontractor supply chain, where possible, within the geographical area to deliver this project. We will endeavour to specify and place orders with local suppliers.

Voluntary, Community, Social Enterprises (VCSEs)
The client and contractor will both seek to support local voluntary, community and social enterprises and the client will continue to do so through the general course of operation.

Yours faithfully,

Mark Wright
Director
CubicWorks Ltd
