- The Seller's quotations are estimated and valid on the date of quotation and are provisional in so far as they are subject to alteration by reference to any changes in the price of raw materials, any item to be acquired by the Seller from a third party, rate of exchange and installation of the Goods at the Site for the provision of the Services and any other circumstances beyond the Seller's control taking place between the date of the quotation and the Buyer's placing of an Order in respect thereof. For the avoidance of any doubt, prices are subject to correction in the event of errors or omissions.
- The Seller shall be entitled to adjust the Contract price of the Goods and/or Services whether before or after the making of the Contract in the event of any increase in the cost to the Seller of supplying the same or any part thereof caused by:
- any increase in the cost of materials or services required by the Seller for the completion of the Contract; or
- any increase in wages or production/manufacturing costs, taxes, duties and other overheads;
- any other reason whatsoever beyond the control of the Seller including (but not prejudice to the generality of the foregoing) fluctuations in exchange rates and monetary policy measures, the action of any government or any other authority or any labour problems.
- The Seller shall be entitled to adjust the Contract price of the Goods and/or Services whether before or after the making of the Contract if the Seller is unable to obtain the factors and materials quoted in the quotation and the Seller to supply additional Goods and/or Services which shall be dealt with in accordance with Condition 12.
- Unless otherwise stated, the price set out in the Seller's quotation shall be exclusive of any value added tax, insurance, packaging, costs of carriage to the Site and the cost of installation of the Goods (which for the avoidance of doubt shall be at the Buyer's sole risk and expense) and any additional charges incurred by the Seller including but not being limited to telephone charges, parking charges, local authority licences and charges for soil and plant hire.
- Samples submitted to the Buyer will be payable by the Buyer unless returned to the Seller, carriage paid, within 1 month from the date of despatch. In instances where the Seller is unable to deliver samples to the Buyer, the Seller reserves the right to approve the Buyer before manufacturing them. The Seller will only be commenced on receipt of such approval in Writing.
- The Seller's quotation assumes reasonable digging conditions for the Goods and/or Services and the Seller warrants and undertakes that there are no Hazards in the area to be excavated. The Seller reserves the right to carry out a Site survey at the expense of the Buyer upon the Buyer placing an Order and if the survey shows any Hazards the Seller shall advise the Buyer in writing of the nature of the Hazards and the Seller reserves the right to refuse to pay to the Seller by the Buyer. The Seller's judgment of any Hazards is only a guide and the Buyer remains liable for the repair and/or movement of the Hazards.
- The Buyer may request that the Seller carry out additional work to rectify any Hazards. The Seller is entitled to refuse such additional work. If the Seller accepts such additional work the Seller shall provide the Buyer with an estimate which the Buyer acknowledges may alter once the Seller provides it with a written quotation. If the Seller agrees to undertake such additional work, the Seller, the Seller reserves the right to withdraw from the Site and to enforce payment for completion of the Services.
- The Seller's quotation assumes normal working hours of 8.00am to 6.00pm (excluding weekends) and the Seller reserves the right to increase the Contract price if work outside of these hours is required.
- The Buyer warrants that all information supplied to the Seller is complete and accurate and the Seller reserves the right to amend the quotation and/or the Contract price or terminate the Contract in the event of any breach of this warranty.
- DELIVERY**
- Delivery of Goods shall be deemed to be effected by the Seller, (a) where the Goods are delivered to the Site by the Seller following acknowledgement of the Site or at the nearest accessible road point to such Site, (b) where Goods are delivered by an independent carrier, at the time of loading onto the carrier's vehicle, (c) where Goods are collected by or on behalf of the Buyer by themselves or agents, when the Seller receives confirmation that the Goods shall be deemed to be delivered at the time of collection by the Seller of the Services.
- Whilst the Seller will make every reasonable effort to complete the Contract by the estimated date, but the affected party shall promptly upon the Seller's acknowledgement of the Order, such date or dates shall only constitute the times by which the Seller expects to effect such delivery and if no time is agreed delivery and/or provision will be within a reasonable time but the time the Seller performs the Contract by the Seller shall not be the essence of the Contract, the Seller's failure to so deliver and/or provide by the due date(s) shall not constitute a breach of Contract and the Seller shall not in any circumstances be responsible for any direct or consequential loss or damage of any kind whatsoever.
- The Buyer shall ensure that, where Goods and/or Services are to be delivered by the Seller and/or its servants or agents, full and adequate access to the place of delivery and sufficient unloading facilities are provided so that the Seller and/or its servants or agents may complete the delivery and perform the Services.
- Neither of the parties shall be responsible to the other for any delay in performance or non-performance due to any causes beyond the reasonable control of the parties, but the affected party shall promptly upon the occurrence of any such cause so inform the other party in Writing, stating that such cause has delayed or prevented its performance under the Contract and thereafter such party shall take all action within its power to comply with the terms of the Contract.
- If the Buyer fails to take delivery of the Goods for any reason, the Buyer shall pay the Seller for any redelivery required by the Buyer.
- The Seller reserves the right to refuse to deliver the Goods outside the UK. Where the Goods are to be transported via sea transit the Seller and the Buyer agree that the Seller is not required to serve on the Buyer such notice as provided for in section 3(2)(3) of the Sale of Goods Act 1979.
- All pallets, crates, wheels, and other packaging designed as returnable will be charged for and returned within 28 days. In the event of a dispute such packaging shall be deemed to have not been returned unless the Buyer is able to provide a signed acknowledgment of receipt by the Seller.
- QUANTITIES AND INSTALMENTS**
- Where Goods are delivered and/or Services are provided by instalments each instalment shall be deemed to be sold under a separate Contract and the party in default in respect of any instalment shall be liable accordingly, but no default under the provision of any one instalment shall affect due performance of the Contract as regards other instalments.
- If Goods and/or Services are to be delivered in instalments, the Seller shall be entitled to invoice each instalment as when delivery and/or provision is made and the Seller shall be entitled to sue for the price of each instalment. There shall be due notwithstanding non-delivery and/or non-provision of other instalments or other default by the Buyer. Failure by the Buyer to make payment by the due date for any one instalment for whatever reason shall entitle the Seller to suspend the performance of the Goods or Services under the Contract but without prejudice to any other right the Buyer may have under any of the other provisions of these Conditions.
- The Contract shall be deemed to have been fulfilled by delivery of a quantity within 10% either less or more than quantity ordered, and the Buyer shall pay the price of the Goods received.
- SUSPENSION AND CANCELLATION**
- If the Buyer requires cancellation of the Contract this will only be accepted if the Buyer secures the cancellation of the Seller and otherwise agreed in Writing up to condition that any costs, charges, or expenses (both direct and consequential) incurred by the Seller up to the date of cancellation and the cost of all loss or damage (direct and consequential) incurred by the Seller by reason of such cancellation will be reimbursed by the Buyer to the Seller forthwith. Acceptance by the Seller of any cancellation by the Buyer will only be binding upon the Seller if it is made in Writing.
- The Seller shall suspend the performance of the Goods or Services on receipt of a request in Writing from the Buyer but shall only do so for a period not exceeding 28 days and the Buyer shall reimburse the Seller for all storage charges and other additional costs the Seller incurs thereby, and such charges shall be added to and form part of the amount payable by the Buyer. Suspension shall continue for a period of more than 28 days, then the Seller may terminate the Contract and the rights and liabilities of the parties shall be the same as if the Buyer had cancelled the Contract in accordance with Condition 8.2.
- If the Buyer fails to perform any of its obligations under the Contract the Contract shall be extended for a period equal to any period of suspension in accordance with this Condition 8.2.
- TERMS OF PAYMENT**
- Save where the Seller has otherwise agreed in Writing payment of the price of the Goods and/or Services is due 30 days from the date on which the Goods or Services are delivered or deemed to be delivered and the time for payment shall be of the essence.
- No payments shall be deemed to have been received until the Seller has received cleared funds. All payments payable to the Seller under the Contract shall become due immediately on termination of this Contract despite any other provision.
- The Buyer shall not be entitled to withhold payment of any amount due to the Seller by reason of any disputed claim by the Buyer in connection with the Contract or shall not be entitled to set off any amount claimed by the Buyer under the Contract to the Seller's account which is not then due and payable by the Seller or for which the Seller disputes liability.
- If the Buyer fails to pay the Seller any sum due pursuant to the Contract by the due date, then the Buyer shall be deemed to have accepted the Seller's demand for payment at the annual rate of 4% above the base lending rate of National Westminster Bank plc, accruing daily until payment is made, whether before or after any judgement. The Seller is also entitled to levy an additional charge which may be incurred by the Seller because of the Seller pursuing the Buyer for payment.
- The Seller may suspend or close the credit account with the Buyer immediately if the Buyer fails to comply with the terms and conditions relevant to the credit account.
- If the Buyer pays all or part of its credit account with a cheque and the cheque is dishonoured, the Seller reserves the right to debit the Buyer's credit account with any charge levied by the Seller's bankers and/or any other third party in connection with the handling of the cheque and the Seller shall be entitled to pursue the Seller against the Buyer for the payment of the Goods and/or Services by instalments, any delay or default in making payment of one (or more) instalment(s), will render all remaining instalments due immediately and payable together with interest in accordance with Condition 9.4.
- INSTALLATION, MAINTENANCE AND/OR PROVISION OF SERVICES**
- When the Contract includes provision of Services by the Seller, the Seller will comply with all necessary requirements for the provision of the Services according to the details specified in its quotation.
- Where Services are to be provided under Condition 10.1, unless otherwise agreed the Buyer will be responsible for (as appropriate):
- the removal of debris and surplus materials from the Site at its sole cost and expense;
- the provision of scaffolding, lifting and any other equipment (excluding tools) to allow or assist the Seller to provide the Services;
- any other matter not included in the Seller's quotation but required to enable the Seller to provide the Services;
