

Locality Risk Assessment

Index:

1. Tulip Mental Health Care and Community Services

- 7-13 Victory Street, Manchester, M14 5AE.
- 492-494 Claremont Road, Manchester, M14 5WA.

2. Supervision of Young People and Adults.

3. Health and Local Services.

4. Bus and Train Services.

5. Schools, Colleges, Universities.

6. Police Services and crime mapping.

7. High risk deprivation area in Manchester.

8. Multiple Agency Safeguarding Hub.

9. Manchester City Council Risk Management Strategy.

10. Religious Services in Manchester.

11. Housing Services.

12. Areas of High Risk.

Purpose:

The purpose of the locality of services and locality risk register / document is to ensure that all the young people are safe and can be, in the event of an emergency.

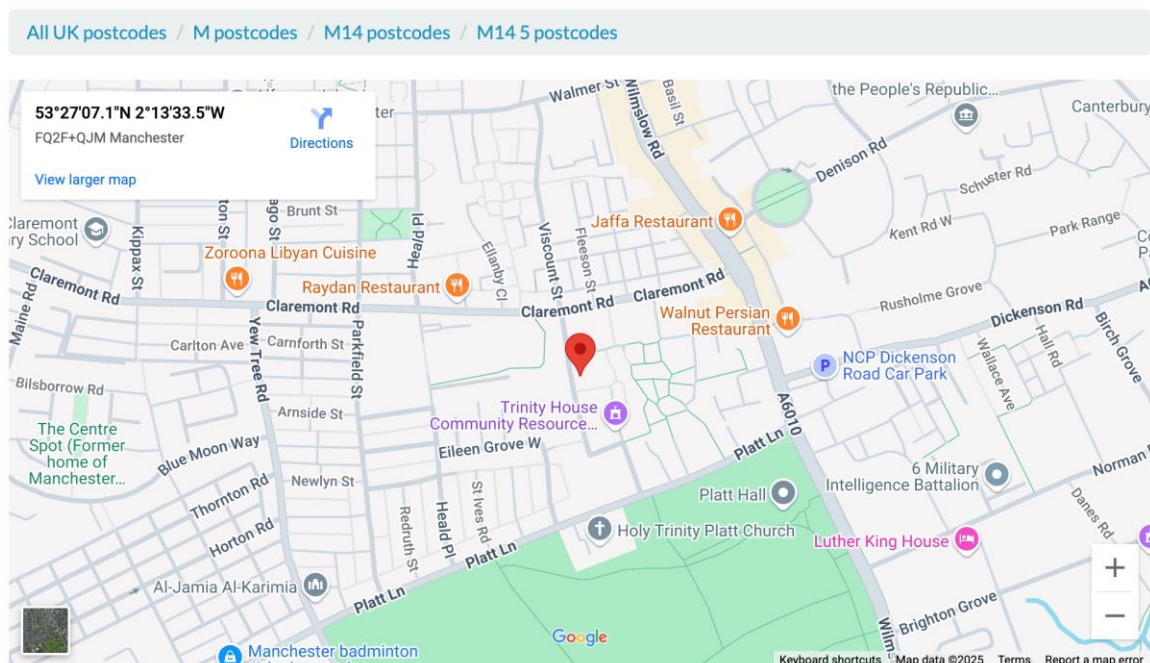

Tulip Care recognises that at times and during times of distress, a young person can go missing from home or abscond from a property run by Tulip Care.

This risk assessment will not only help Tulip Care, but it will also help local services such as Police / Ambulance / Fire and external professionals to hopefully locate a young person that may be missing or in distress.

1. Tulip Mental Health Care and Community Services.

1.1 Tulip Care is located in the Moss Side ward within the Manchester Rusholme constituency, approximately two miles south of Manchester City Centre in a quiet residential area. The home is a semi-detached **3-bedroom** property that blends into the young people's settings as part of the community.

Map of M14 5AE postcode

1.2 Tulip Care is a privately run Supported Accommodation for young people and young adults aged 16 – 25. Tulip care offers fully tailored support packages to young people to build upon their independence. Enabling them to succeed in life. **The property will be Ofsted and CQC Registered.**

- Longitude 53.447369, -2.247746
- Locality - Rusholme

- Rusholme is an area in **Manchester, England**. Rusholme is a vibrant district located approximately two miles south of Manchester city centre. As of the 2011 Census, Rusholme had a population of 14,422 residents. The area is characterized by its diverse community, with significant representations from various ethnic backgrounds. Notably, the district has a substantial student population due to its proximity to several universities.
- County – Greater Manchester, according to data from the UK's Office for National Statistics (ONS), the current population of Greater Manchester is **2,848,300**. (2020)
- Country – United Kingdom

2. Supervision of Young People.

2.1 The Property is a 3-storey building (town house) that is semi-detached, there are neighbours on both sides one with adjoining fence and the other with a drive and fence in between. The Property is fitted with external surveillance, and there is security lighting over the gardens. These homes offer high levels of supervision, and related policies support staff processes for all visitors, family, friends, contractual and clinical.

- Every guest is greeted, and ID checked.
- Every guest is asked about COVID vaccinations and symptoms (if applicable).
- Every guest has the fire procedure explained, and the process.
- Every guest is asked who they are visiting.
- Every guest signs in and out of the register.
- Management is made aware of all visits.

2.2 Tulip Care operates a shift pattern, working days and nights to ensure the safety of the young people, or adults at night. 365 days of the year. There is a locked door policy at night only, which is risk managed, and staff may work in pairs on both shifts. If the other homes require support, then support is available from other homes if required. There is an on-call manager throughout the night, by phone only, and both the home and deputy managers are available throughout the day, including weekends.

2.3 Tulip Care considers the privacy of all young people and the environment in which they are living, promoting mutual trust and respect. It is part of the staff's training to help the young people build and develop a healthy understanding of personal space / privacy for themselves and the staff.

2.4 All young people's monitoring is variable, dependent upon risk and anxiety displaced by the young person and the information is recorded in their support plans. All monitoring, conversations, and actions are recorded in the young person's notes daily. It supports the young people and staff, which is good practice and a legal requirement (see related policies).

2.5 All young people are encouraged to participate in activities (see policy and activity folders), in line with their hobbies and interests, whether this is inside the home or during organised outings. Young people can engage and plan their activities on the planner (located in the living room). All activities are risk assessed and developed (see risk management

policy and related documents) with the young person, dependent upon their levels of supervision and needs, noted in the young people's support plans.

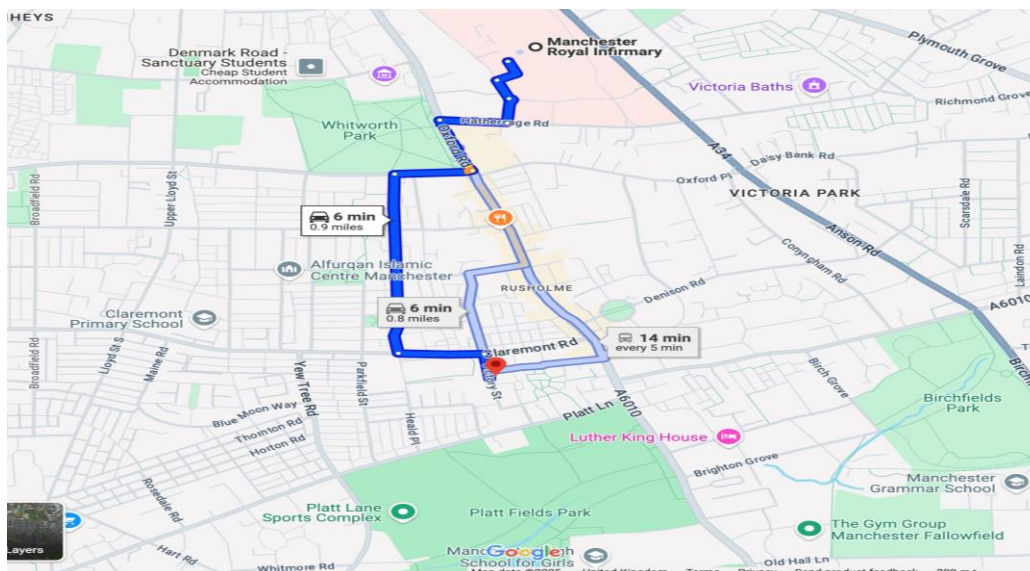

2.6 All young people can benefit from the gardens; there are no restrictions in place (unless care plans are updated and MDTs have agreed on new ways of working). There is also Platt Fields Park, located approximately 0.5 miles to the southeast and close to the home, which is within walking distance.

3. Health and Local Services

3.1 There are 3 hospitals that provide Accident and Emergency care in the surrounding areas: Manchester Royal Infirmary, Salford Royal and Wythenshawe Hospital. The service is central to all 3 of the Hospitals. Below are maps and routes to the hospitals.

Manchester Royal Infirmary (MRI):

- **Address:** Northampton Road, Manchester, M40 5BP
- **Phone:** +44 161 872 5050
- **Distance:** Approximately 3.5 miles northeast

4. Whitefield Police Station

- **Address:** 228 Bury New Road, Whitefield, Manchester, M45 8QN
- **Phone:** +44 161 856 8229
- **Distance:** Approximately 7 miles north

Our Local PCSOs are PCSO Tuft (63323) and Farooqi (69354).

Contact: 0161 856 4973

Email - didsbury@gmp.police.uk

We have had regular contact with our PCSOs and they have visited the home on 2 occasions.

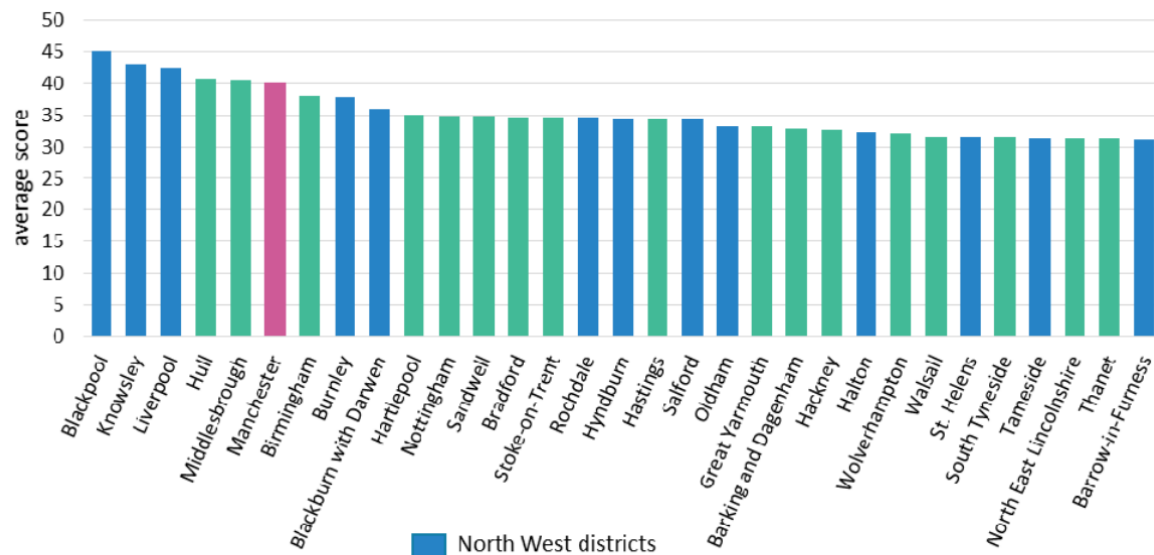

6.2 Tulip Care has already developed a good rapport with the neighbours, in such a short space of time. All neighbours will be given the opportunity in the future to offer feedback on the services.

6.3 All the young people we support will be reminded about conduct in the community and surrounding areas and how to behave in a sociable and acceptable manner.

7. High-risk deprivation area in Manchester:

- 7.1 A key tool used in assessing deprivation is the Indices of Deprivation. This model combines data from across seven domains, to produce an overall relative measure of deprivation. Each small area in England is ranked from 1 (most deprived) to 32,844 (least deprived).
- According to the 2019 Index of Multiple Deprivation (IMD), Manchester ranks 6 out of 326 local authorities in England, where 1 is the most deprived.

The most deprived local authorities on the IMD

Source: Index of Multiple Deprivation, MHCLG 2019

Analysis: PRI, Manchester City Council 2019

This is broken down further by income; employment; health; education, barriers to services; living environment; and crime, yet the position of the property is on the cusp of Chorlton and Whalley range where statistically fares well within the Manchester region with the above.

8. Multiple Agency Safeguarding Hub Manchester

8.1 Tulip Care has developed a good working relationship with MASH in previous services in the Manchester areas and have a good understanding of the process and creating links. Tulip has professionals that have good working knowledge Details will be found in the staff office.

Successful measures in place

- Allocation of PCSO, with invite to the home, understanding of the service and promotion of good working relationship.
- Tulip Care will contact the local service
- Implementation of risk assessed location forms in line with protocols.

- Working relationships are continual

9. Manchester City Council Risk Management Strategy

9.1 Manchester's existing long-term strategic direction and sets out our priorities for the decade ahead. It will be delivered by building on Manchester's history of collaboration: between civic leaders, businesses, the wider public and voluntary sectors, and residents themselves. One of the main strategies is :

Young People: From day one, support Manchester's children to be safe, happy, healthy and successful, fulfilling their potential. This we feel as an organisation we can help and drive as an outcome for Manchester.

10. Religious Services in Manchester

10.1 The culture surrounding Manchester is diverse, and there are various religious beliefs in Manchester for ease of the young people, the link included has various buildings throughout Manchester where religion is practised. [Religious Organisations in Manchester \(manchestereveningnews.co.uk\)](http://manchestereveningnews.co.uk)

11. Housing Services

11.1 Greater Manchester is a very large area with mixed levels of deprivation; there are lots of housing associations willing to help people. These services are located around Greater Manchester.

One of the most prominent young persons' housing and support services is Affinity Trust which has presence in the Greater Manchester areas and shares features of Tulip.

Most of the organisations offer a range of services but are not excluded too.

- Building Safety
- Financial Support
- Complaints and concerns
- Tenancy
- Domestic abuse services

This policy is designed with the young people in mind to support their transition to independent living. Tulip care and its staff are there to guide, support and assist the young people's journeys.

12. High Risk Areas in M14 5WA:

12.1 M60 Motorway circles Greater Manchester and has had several Suicides on several of the footbridges have been used, nearest is approximately 45 mins walk.

The surrounding areas of the accommodation are generally within the normal thresholds of the UK with regard to crime and depravity yet moving further away there are the areas of

Rusholme, Moss side and Longsight that are associated with increased crime, drug use and anti-social behaviour.

Close to the home is a lake in Alexandra Park. Young people are advised not to walk through the park in the hours of darkness for their own safety. The local park is not a risk in daylight hours and in the summer is a positive calming atmosphere for young people wanting to relax.

Platt Fields Park is also close to the home (less than a mile) and in the summer months fairs and open events for children take place. This park during the day is not a high risk area, however, at night, young people would be advised not to walk through the park on their own.

Tulip Care Ltd has its own procedure for absconsion and young people / adults going 'missing from home' and all staff will be trained and advised to read all literature regarding absconsion. As stated previously, there will be an on-call manager over the phone at weekends and in the hours of darkness.

Staff will be trained in the Philomena Protocol and how to report missing from home young people who are at risk of absconsion.
