

POSTS

Manufactured from RHS, drilled for fixing U-Clips to the front face to receive the panel and clamp bar.

80 x 40 x 2.5mm RHS Posts	up to 3.6m High
100 x 50 x 3mm RHS Posts	3.6m – 4.5m High
120 x 60 x 3mm	4.5m – 6m

PANELS

The panels are manufactured from heavy welded mesh, 2500mm wide with 6mm vertical wires and 8mm horizontal wires forming a mesh size 200 x 50mm.

The panels are extremely rigid and secure due to the 8mm double horizontal wires; one positioned on either side of the verticals.

This system is ideally suited to a games containment area, with provision for recessed goal areas and increased heights across goal ends or goal areas.

CLAMP BARS

40 x 5mm Steel Section with rounded corners slotted to receive fixings, hot dipped galvanised and poly powder coated.

GATES

Single Gates	1.2m wide x 2.1m high
Double Gates	3m wide x 2.5m high

All gates are manufactured with 40 x 40 RHS frame with cross section support, hung and supported on 80 x 80 RHS posts.

Gates are clad with Standard 868 Twin Bar to suit fencing system. Drop bolt with slide latch locking system.

All gates are hot dipped galvanised and poly powder coated.

Full framed lintels above the gates are provided for all fence heights.

CLAMP BARS

40 x 5mm Steel Section with rounded corners slotted to receive fixings, hot dipped galvanised and poly powder coated.

PANEL COATING

Panels are manufactured from pre-galvanised wires. An adhesion coating is applied to allow perfect adhesion with the polyester coating (min. 100 micron)

COLOURS

Standard colours are Green RAL 6005 and Black RAL 9005. Other colours are available on request.
