Description of site/building

Listed building: Not applicable

Conservation area:

Tree Preservation Order:

Description of area

Description of development

Consultations & Notification Responses

Environmental Health - have considered the CMP submitted for the above CDN application and can confirm that they would have no objection to the discharge of Condition 3.
(They advise that the Saturday start time is slightly earlier than MCC recommends but this shouldn't be an issue in this location.)

Highway Services - are satisfied that Condition 3 can be discharged.

Issues

Other Legislative Requirements
Equality Act 2010
Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations
This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved polices of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

3) The content of the Construction Management Plan Rev. C -Bridge College ref: 142222/FO/2025 dated 9th October 2025 has been reviewed. On the basis that the development is carried out in accordance with the approved construction management plan for the duration of the construction period, condition no.3 is discharged.
