Hi Sam

We are looking at the "**Caice" SS150 single bank acoustic louvre ,**
system 150mm deep with mitred corners
to enclose the condensing unit

Kind regards
David Pattison

Hi David,

We still require you to select the specific model you are proposing in order to discharge the condition. We will also need ENVH to review the selection.

Can you confirm this by the end of the day in order to allow some time to get the ENVH response?

Thanks,

Sam
