Comment Reasons:

Comment: I am submitting my support for this application.

The Marquee at the British Muslim Heritage Centre is essential for the community. It provides the space needed for daily prayers, Jumuah, Taraweeh and large gatherings that cannot be accommodated in the heritage building alone. It also supports BMHC's educational and community programmes, which rely on this additional space to run safely and consistently.

BMHC is an established place of worship and community hub. The Marquee allows the centre to continue its existing religious and community services without disruption. The structure is temporary, low-impact, and positioned in a way that does not harm the heritage building or neighbouring properties.

Approving this application protects a vital community facility and ensures BMHC can continue serving the local Muslim community's religious, educational and social needs.

I fully support the application.
