Comment Reasons:

Comment: The marquee should not be closed down because it plays a vital role in supporting both the university and the wider community. It serves as an accessible and flexible space that can host a wide range of events, from student gatherings and society activities to community workshops and cultural celebrations. These events are essential for fostering social connection, wellbeing, and engagement among university students, many of whom rely on spaces like the marquee to meet, collaborate, and build a sense of belonging.

For members of the community, the marquee also functions as a valuable venue that encourages participation, strengthens local relationships, and allows important community-led activities to take place. Closing it down would remove a much-needed resource that brings people together, supports positive development, and enriches both campus life and the surrounding area.
