Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I was hoping to purchase a property in this development as I was looking to downsize my property now I have retired and wanted to stay in Chorlton. However, the timeline for the development was too long and is now pushed further out. I am keen to this development progress because the current limbo is ugly and detracts from the area. The buildings are higher than I originally anticipated but I think it will be ok if the development is attractively finished.
