Comment Details

Commenter Type: Member of the Public
Stance: Customer made comments in support of the Planning Application
Comment Reasons:
Comment:I'm supporting this application because the marquee has genuinely benefited me, my family, and the local community. It's one of the few spaces where we can come together for prayers, community events and programmes that help our children learn, build confidence, and stay connected to their faith and identity. My kids have gained so many skills and positive experiences over the past few years from the activities held there. Losing this space would take away something really important to all of us.
