Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I wish to object to the destruction of the centre of Chorlton with this planning application for the development of 5 blocks of flats, the whole feeling of community and well being will be further exacerbated if this development goes ahead, the closure of the Chorlton Precinct and the introduction of cycle lanes has already had a significant impact on the local community with a reduction in the variety of shops and the reduced parking facilities available in addition the whole vibe and feel of the area will be overshadowed by these blocks which will loom high above the current height of the shops and houses in the area limiting the amount of light and sunshine for shoppers and diners.
