Description of site/building

The application relates to the fourth floor of the Grade II listed property present at 40 Princess Street, also known as Portland House or Eastern House. The building is a former shipping warehouse, now offices (Class E(g)(i)), dating from between 1870-1880, and is completed in a façade of red brick and sandstone window surrounds. Internally, the property has been subject to multiple modern office fitouts, though notable historic features survive in the form of cast iron columns and timber ceiling beams.

Listed building: Grade II

Conservation area: Whitworth Street Conservation Area 1985

Tree Preservation Order: Not applicable

Description of area

The neighbouring area lies within Manchester City Centre and the Whitworth Street Conservation Area. Neighbouring built development within said Conservation Area to the south of the application site is characterised by a high number of listed former Victorian warehouses that now lie in a variety of commercial and residential uses. To the north of the application site along Portland Street more modern properties of varying size, scale and materiality are present.

Description of development

The application seeks listed building consent for internal alterations to the property's fourth floor.

The proposed development consists of the insertion of partitions to create 4no 'work pod' rooms and 3no meeting rooms, as well as to sub-divide the floorplate into 2no separate office suites. Proposed partitions would be comprised largely of glazing and be situated within the corners of the floorplate.

Other works revolve around minor redecoration works, with new floor, wall and ceiling finishes proposed to replace existing modern finishes.

Planning History

Other Legislative Requirements

Planning (Listed Buildings and Conservation Areas) Act 1990

Section 16(2) of the Planning (Listed Buildings and Conservation Areas) Act 1990 (LBCA Act) states that in considering whether to grant Listed Building Consent for any works the Local Planning Authority shall have special regard to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses.

Section 66 of the LBCA Act requires the local planning authority to have special regard to the desirability of preserving the setting of listed buildings. This requires more than a simple balancing exercise and considerable importance and weight should be given to the desirability of preserving the setting.

Issues

Impact upon Heritage Asset

40 Princess Street is a listed building of high heritage significance with it providing a physical link to Manchester's industrial past, as well as its façade being impressively ornate. The listed building underwent significant internal alterations to retrofit the building for modern office between 2021 and 2023. However, since these works have been completed, the majority of office suites within the building remain unoccupied with those available for use not meeting market demand for smaller self-contained suites.

The proposed works are designed to sub-divide the property's fourth floor into two separate suites in order to allow the space to appeal more to market demands. To allow for this modern glazed partitions would be installed at the floorplates narrowest point, as well as several other glazed partitions to create private meeting rooms. Said partitions being glazed would allow for greater views through the property's floorplate compared to solid partitions, thus visually helping to preserve the property's historic layout and the expression of the volume of space. Decorative finishes would see breathable paints used, and exposed timber joists and floorboards to be left exposed, in the event of an approval these matters would be secured by condition. Notwithstanding this, it is considered that the proposals would result in a very low level of less than substantial harm to the significance of the listed building by virtue of the introduction of modern partitions and its associated physical impact on the original layout of the listed building's floorplate.

Conclusion

In line with the above, it is acknowledged that a very low level of less than substantial harm would be caused to the significance of the listed building. Notwithstanding this, it is considered there would be sufficient public benefit generated through its implementation that would outweigh the recognised harm, this being the increase in the attractiveness of the office space on site, thereby helping to secure the building's long term occupation. Therefore, the proposal would meet the requirements as set out under Section 16(2) of the Planning (Listed Building and Conservation Areas) Act 1990 in relation to preservation, and accord with Places for Everyone Plan Policies JP-Strat1, JP-Strat2 and JP-P2, Core Strategy Policies SP1, EC2, EC3, CC1, CC9, EN3 and DM1, Saved Unitary Development Plan Policy DC19, the National Planning Policy Framework, and the Planning (Listed Building and Conservation Areas) Act 1990. On this basis the application is recommended for approval.

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Officers have worked with the applicant/agent in a positive and proactive manner in determining this application by assessing the proposal against relevant planning policies and all material considerations, identifying matters of concern with the proposal and discussing those with the applicant/agent. In this instance negotiation has been able to successfully resolve the identified concerns and issues.
