Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing in support of the British Muslim Heritage Centre's marquee and strongly encourage approval of the planning application so the structure can remain in place.

The marquee has become an invaluable asset to the community, providing a welcoming and flexible space for educational programs, interfaith gatherings, cultural events, family activities, and charitable initiatives. It enables the Centre to host events that bring people together from all backgrounds, helping strengthen community cohesion and offering a safe, inclusive environment for residents across Manchester.

The increased capacity the marquee provides has been especially important for community celebrations, outreach work, and public benefit projects that would not be possible within the main building alone. Its presence directly supports positive social impact, improved engagement, and greater accessibility for the wider public.

Retaining the marquee will allow the Centre to continue delivering these much-needed services. Its contribution to community wellbeing, cultural understanding, and social connection makes it a resource of significant local value. For these reasons, I respectfully ask that the application be approved
