Comment Details

Commenter Type: Member of the Public
Stance: Customer objects to the Planning Application
Comment Reasons:
Comment:Buildings design too high compared to buildings surroundings
and the exterior brickwork totally different colour to any adjacent
buildings. In my opinion and other friends too, this design is oppressive due to the height, and the colour is not in keeping with the rest of the area. The character of this popular area has been lost. The architects need to go back to college or have their glasses checked.
