Comment Reasons:
Comment:This place is a joke. A huge building and they still need a tent outside. They have no parking because they use a tent all over the parking space.

Do not allow them to use this. They need to increase parking space not make it more welcoming with no parking which only spills out onto the streets making it impossible to navigate safely. They block our drives and cause headache, not just on Fridays but they use the tent for other things like weddings, events and functions, which is nice but they dont care about impact on local community.
