Comment Reasons:

Comment: This venue has been used as a place of worship by the community and by Manchester residents, especially during times of Eid and other festivals. By using this venue with ample parking it reduces congestion around other local roads. As well as this the venue hosts regular events for social impact such as charity fundraisers, and supports the Heritage centre with its community initiatives. The British Muslim Heritage centre is a beacon of the community, working in partnership with local schools, businesses and families. We have held a wedding there and The Marquee management are always mindful to tell customers to respect the local neighbourhood. It is good for employment for local people.
