Comment Reasons:

Comment: I am writing in relation to the application for the temporary marquee at the British Muslim Heritage Centre. In my experience, the structure provides essential space for community use, including religious gatherings, weekly prayers, funerals, and activities during Ramadan. It also helps accommodate overflow from the main Heritage building, ensuring events can be managed safely and in an organised way.

From a planning perspective, the marquee supports an established community facility and helps meet local needs. I have not personally experienced issues related to noise, parking, or disruption, and I believe the temporary structure has operated without negatively affecting the surrounding area.

Based on these considerations, I am supportive of the application.
