The Site comprises managed grassland interspersed with a small number of trees. It is kept in a clean and tidy condition with no evidence of overgrowth, fly tipping or vandalism

Security and Safety							
Includes: Lighting Equipment Boundaries (e.g. fencing)		5	4	3	2	1	N/A

Natural surveillance is limited, with the adjoining sports fencing and nearby residential properties providing only partial overlooking. At night the absence of lighting reinforces its lack of functional role

Vegetation									
Includes:	Planted areas	Grass areas		5	4	3	2	1	N/A

The grassland and occasional trees provide minimal biodiversity value, with the habitat of low ecological interest given its close-mown nature and heavy association with the surrounding sports complex.
