

Titon FireSafe® Single Air Brick

Fire Rated Air Brick

The original Titon FireSafe® Air Brick Range is an award-winning unique high flow fire-rated terminal designed for powered ventilation systems offering low resistance to airflow, but high resistance to fire as set out in Approved Document B (fire safety) volume 1: Dwellings, 2019 edition incorporating 2020 and 2022 amendments. The metal air brick is constructed from sheet steel (A1) and polyester powder coated to classification A2-s1, d0.

+ Add to spec

The Titon FireSafe® Single Air Brick is designed to be built into external wall types during construction. The range consists of short and long versions and can easily be connected to both 204×60 and 220×90 rectangular ducting.
