Delegated officer report for planning application

Application no. 144632/FH/2025

Date registered valid: 4 March 2026

Proposal: Installation of step lift to front elevation with associated external works including formation of a raised plinth, new steps, excavation to create a level access alcove and new retaining walls and balustrades.

Address: 3 Maureen Avenue, Manchester, M8 5AR

Ward(s): Crumpsall Ward

Applicant: Ms Jamila Begum

Agent (if any): Mr Steven Cotterill Manchester City Council

Case officer: Harriet Aidoo
Tel: 0161 234 4532
Email: harriet.aidoo@manchester.gov.uk

Recommendation: Approve

Date of recommendation: 29 April 2026

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

Listed building: Not applicable

Conservation area: Not applicable

Tree Preservation Order: Not applicable

Description of site / building / area

The application relates to a hip roof, semi-detached dwellinghouse within a residential setting of Crumpsall ward in north Manchester.

Figure 1. (Site visit 17.03.2026)

There is existing amenity space along the front side and rear, together with boundary treatment. There is a fully hard surfaced front driveway, and bins are stored within curtilage, behind boundary treatment.

The application site is along a visible gradient and appears elevated, together with the neighbouring properties along this side of Maureen Avenue.

Site history

- o F05629 - Erection of garage in rear garden of dwellinghouse after demolition of existing. Approved 12.11.1976

Description of development

Installation of step lift to front elevation with associated external works including formation of a raised plinth, new steps, excavation to create a level access alcove and new retaining walls and balustrades.

The proposed combined bridging step lift and associated platforms (to connect the lower level to the upper level) would be placed centrally in front of the existing front door whilst maintaining a 1700mm separation distance from the existing boundary wall. It would also maintain approximately 3870mm separation distance from the common shared boundary with no. 1 Maureen Avenue, and approximately 3749mm separation distance from the common shared boundary with no. 5 Maureen Avenue, and would measure approximately (1080mm wide x 1660mm deep x 1250mm maximum height on the lower level) and approximately (2600mm wide x 3200mm deep x 1175 + 1250mm maximum height on the upper level).

The proposed associated works to the front garden would involve creation of new access gate (approximately 1000mm wide) along the existing front boundary wall, construction of retaining wall and new platform, including balustrades.

The proposed materials would include stainless steel, polycarbonate panels, aluminium, toughened glass, bricks to match existing and concrete flag stones.

Consultations & Notification Responses

1. Local residents / public opinion

No objections, comments or representations were received.

POLICY

The following planning policies are materially relevant to the consideration of this planning application.

1. The Manchester Core Strategy Development Plan Document 2012-2027 ("the Core Strategy") was adopted by the City Council on 11th July 2012:

- o Policy DM1 (Development Management)

- o Policy SP1 (Spatial Principles)
- o Policy EN1 (Design Principles and Strategic Character Areas)
- o Policy EN19 (Waste)

2. Places for Everyone (2022 - 2039)

The Places for Everyone Plan is a Joint Development Plan Document, providing a strategic plan and policies in relation to jobs, new homes and sustainable growth for nine of the 10 boroughs which make up Greater Manchester. The Plan and its policies are a material planning consideration in the determination of planning applications and therefore be given significant weight in the planning balance. The following policy is considered to be relevant:

- o Sustainable and Resilient Places, JP-S1: Sustainable Development
- o Places for People, JP-P1 Sustainable Places

3. Unitary Development Plan (UDP), (1995) - Whilst the UDP has been superseded by the Core Strategy Development Plan, the following saved policy is still considered of relevance:

- o Saved Policy DC1.1 and DC1.2 for Residential Extensions
- o Saved Policy DC1.5 relating to applications from disabled people who may require particular adaptations to their homes.

4. Guide to Development in Manchester Supplementary Planning Document and Planning Guidance, Adopted April 2007:

- o Chapter 2: Design

5. Draft National Planning Policy Framework - 16th December 2025 is under consultation and as such is a material consideration. However, until its adoption, the current NPPF (December 2024) is still in place. Of relevance are:

- o Section 2 - Achieving sustainable development
- o Section 4 - Decision-making
- o Section 12 - Achieving well-designed places

ISSUES

Principle

The submitted plan is to facilitate the accessible requirements of an occupier residing at the property and therefore the principle of the proposal is considered acceptable. Notwithstanding this factor, consideration must be given to proposal's impact upon existing levels of residential and visual amenity.

Residential / Visual Amenity

Impact of works (Installation of step lift to front elevation with associated external works including formation of a raised plinth, new steps, excavation to create a level access alcove and new retaining walls and balustrades) - In light of the pre-existing contextual relationship along the front garden, and with the application site visibly elevated and along a gradient, the proposal would in-part be elevated above the existing front boundary treatment and would be highly visible from the Maureen Avenue highway due to the layout of the site and position of the premises. However, due the existing depth and width of the front amenity space, although the proposed development would introduce a built form along the front elevation that would be larger in terms of size, scale and prominence, given the separation that would still be retained from the side boundaries and the highway, it is considered that there would be no adverse impact to privacy and overlooking. The proposal is also highly unlikely to present any significant adverse impact to residential amenity in terms of overbearing massing impact, nor is it considered that the proposed scale along the street scene would be unduly visually intrusive. Moreover, although the proposal would be visible along the street scene, the proposed development benefits the needs of a disabled user residing at the property, who requires access to and from the property; and therefore, for these reasons and on balance, the proposed level of visual intrusion is outweighed by the benefit of improved access for the occupier; pursuant with Core Strategy policies SP1, DM1, and saved Policies DC1.1, DC1.2 and DC1.5 of the Unitary Development Plan.

Impact of works (Design and appearance) - The proposed mechanical bridging step lift and platform; together with the associated works to the front garden would primarily be of a standard design and appearance, and would include materials comprising of stainless steel, polycarbonate panels, aluminium, toughened glass, bricks to match existing and concrete flag stones, and therefore, it is not considered to be a significant departure from what would be expected for a development of this nature. However, a materials condition has also been attached to ensure that materials are adhered to, pursuant with The Manchester Core Strategy Development Plan Document Policies SP1 and DM1 and saved Policies DC1.1, DC1.2, and DC1.5 of the Unitary Development Plan.

Impact of works (Vehicular access and car parking) - The existing arrangement would be unaffected; pursuant with The Manchester Core Strategy Development Plan Document Policy DM1 and saved Policy DC1 of the Unitary Development Plan.

Impact of works (Refuse storage and collection) - The existing arrangement would be unaffected. The proposal itself has little impact on waste from the site. It uses the current storage and collection methods on site; pursuant with The Manchester Core Strategy Development Plan Document policy DM1, EN19; and saved policy DC1 of the Unitary Development Plan.

Conclusion - On balance, and subject to planning conditions, the proposed development accords with Council policy and is therefore acceptable

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

The local Planning Authority in its decision has had due regard to the National Planning Policy Framework, as well as the Development Plan, National Planning Policy and other material considerations and has approved the application for the reasons outlined in this delegated report. The local planning authority had no issues to raise with the agent but have attached appropriate conditions to the approval.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

- o Householder Application for Planning Permission for works or extension to a dwelling form received by the City Council as local planning authority on 04 March 2026.
- o Location Plan with application site edged in red, received by the City Council as the Local Planning Authority on 16 December 2025.
- o Existing ELEVATION (FRONT), received by the City Council as the Local Planning Authority on 16 December 2025.
- o Existing & Proposed DETAIL DRAWING, received by the City Council as the Local Planning Authority on 16 December 2025.
- o Existing & Proposed FRONT ELEVATION, received by the City Council as the Local Planning Authority on 10 February 2026.

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995) and policy DM1 and SP1 of Manchester's Local Development Framework: The Manchester Core Strategy (2012).

3) The external facing materials to be used on the development hereby approved shall match those as stated on the approved plans and specified documents.

Reason - To ensure that the appearance is not adversely affected by the materials to be used in its construction, pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995) and policy DM1 of Manchester's Local Development Framework: The Manchester Core Strategy (2012).

4) Prior to commencement of development details of a surface water drainage scheme for the area of hardstanding associated with the installation of the step lift, shall be submitted to and approved in writing by the City Council as local planning authority
The development shall be implemented in accordance with the approved development, prior to the first use of the step lift.

Reason - To secure proper drainage and prevent surface water run off onto the highway, pursuant to national policies within the NPPF and NPPG and policies EN08 and EN14 in the Manchester Core Strategy (2012).
