Architects Registration Board

Storage and disposal of refuse

Summary

There is no change to the existing bin store enclosure located in the service yard at the heart of the campus. The existing weekly waste collection will continue to be implemented with collection vehicles accessing the site through the existing vehicular access off Mount Road and turning within the service yard.

To cater for the expansion on roll, the school will have an additional 1100 litre general waste bin + 2x additional 240 litre food waste bin.

The additional bins will be accommodated in the existing bin store.
