DIMENSIONS TO BE CHECKED ON SITE

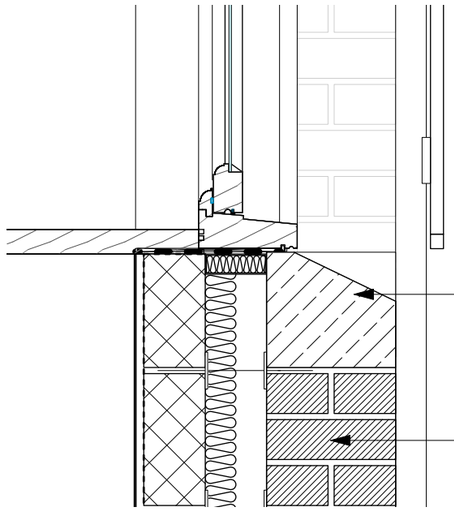

Existing curved brick detail to edge of shopfront.

Proposed new stone lintel to match the existing detail on the LHS windows along Back Piccadilly.

Proposed new sash window with frame colour to match the existing upper-floor windows, and a chamfered stone lintel and cill reflecting the detailing of the adjacent LHS window.

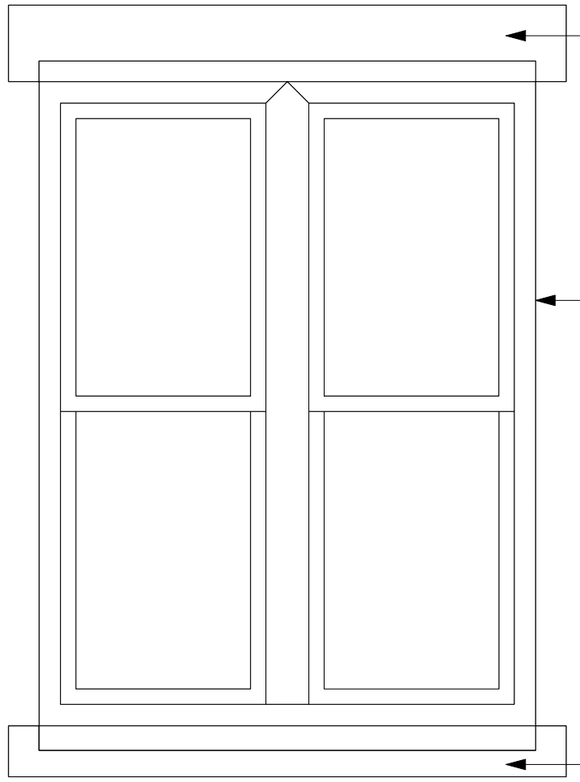

Double-swing security grille fixed into brickwork (to be closed over the opening outside of operational hours).

Proposed deep stone cill reflecting the detailing of the adjacent LHS window.

Proposed new set-back double-brick facade enabling deep window reveals. Wall set back from the principal elevation line.

1 Proposed Window Section
Scale: 1:10

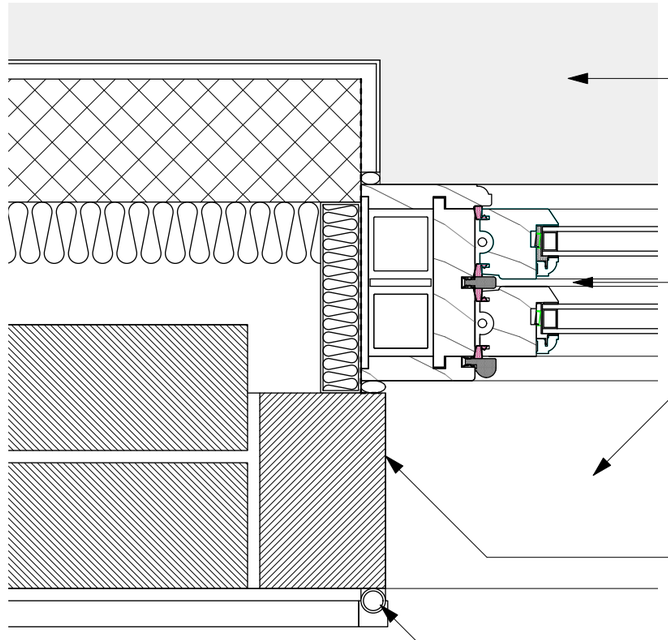

Proposed stone lintel.

Proposed timber framed sash windows with frame colour to match the existing upper-floor windows

Proposed stone cill.

2 Proposed Window Elevation
Scale: 1:20

Potential kiosk counter indicatively shown.

Proposed timber framed sash window with frame colour to match the existing upper-floor windows

Proposed deep stone cill reflecting the detailing of the adjacent LHS window.

Proposed new double-brick facade enabling deep window reveals. Wall set back from the principal elevation line.

Double-swing security grille (indicatively shown) fixed into brickwork (to be closed over the opening outside of operational hours).

3 Proposed Window Reveal Detail
Scale: 1:5
