Amendments Summary

In response to the invalid letters issued on 9th June and 17th June the description of development has changed, the dates of the consent required have been changed and the covering letter has been updated to reflect this, including noting the hours of illumination. This should clarify that the proposal seeks to amend an existing consent to add illumination, with no other changes proposed to the consent. We have also added the section requested and resubmitted the build contract that was provided with the original consent and accepted as valid.
